COUPON CALENDAR

Valid Feb. 1 to Feb. 28, 1935

N.R. Air coupons in relation to the rail and air routes. This includes better service.

CALLING FARMERS' Cultivators order fertilizers at once and take immediate delivery there are no more available later on. G.N. Fortelli, vice administrator of the Prices Board said recently.

RATIONS FOR OUTPOST Prior to January 1st, outposts in isolated areas wishing to build up winter stocks of rations have been allowed to cash ration coupons before they become valid. A new system instituted by the Prices Board required that ration office or local ration board where unnumbered coupons, valid indefinitely will be exchanged for the requested amount of valid coupons from the books.

NO BRIBES: Retailers are strictly forbidden to furnish additional sales on customer coupons where consumers are advised that one article is much better unless another is purchased. This provision is an office of the Wartime Prices and Trade Board.

Less spectacular perhaps than Victory Bonds, but not to be overlooked are the War Savings Stamps and Certificates. These provide an opportunity for the government to make an appeal for continuous and regular savings, and I want to thank the school authorities, the Post Office and the Drug Industry in particular for their patriotic and intelligent efforts in promoting sales.

GIVE! GIVE! GIVE!

Canadian Red Cross Must Have
Ten Million Dollars Now

On March 1st the Canadian Red Cross will start their drive for TEN MILLION DOLLARS, and it is up to us to do our part to help put this DRIVE over the TOP.

We are now coming into the important follow through period, in our fight for freedom. It is now our turn to show what we are made of. We must change with the day and hour. Our fighting men are on all fronts... strain toward that day when VICTORY will be the cry. Men on the field of battle, the soldier in TRENCH, job no matter what the name is, they go forward, grimly, with no thought of letting down. Can we, in all conscience do less? Our men in prison, camps depend for their very lives on our RED CROSS food parcels. If not serum for the wounded is equally important. The starving, ill-clad and homeless of the liberated countries look to us for all the help we can give. OUR boys in hospitals need every comfort and extra attention we can supply. YOU are the Canadian Red Cross. YOU and your neighbour, and Canadians EVERYWHERE. This year the need is greater than ever before. GIVE TO THE VERY LIMIT.

This is your personal gift... of MERCY. When the Local RED CROSS CANVASSER calls on you, just think of our Boys over there, and your conscience will be at ease.

The local Headquarters of the ALIX Branch of the RED CROSS during this Drive is at the Alberta Lumber Co. Ltd. Donations can be left with Mr. Warrington, Chairman of the Drive Committee.

M.D. OF LACOMBE HOLDS FIRST RATEPAYERS' MEETING

Reeve A. B. Harward was requested by acclamation to be the Municipal Director of Lacombe at the annual ratepayers' meeting held in the Church Hall on Feb. 18th. This was announced by Returning Officer G.A. Harwood of the Lacombe Ward who called for nominations to come at four o'clock. Mr. Harward represents District 1 in the municipality.

The most controversial point brought up at the meeting was the question of whether or not the former M. D. Lacombe should be included in the area served by the Lacombe District Community Hospital. Hospital Board Chairman W. Avery announced decisions regarding the hospital for future sessions, as ratepayers' meeting information on the status and capacity of the hospital, in cases in which all matters pertaining to the proposed incorporation of the larger district into the Community Hospital area.

After prolonged discussion, it was finally decided to leave the matter as it stands until after the war. With this decision it was stated that there will be no increase in taxation for the first purposes in the former M.D. Lacombe.

Reeve A. B. Harward read the council's report to the meeting, covering all phases of the council's work during the year. This report was of the most comprehensive ever presented at a ratepayers' meeting in Lacombe.

The question of whether or not the municipal council should donate funds to the upkeep of the cemetery within the limits of the municipality was discussed briefly and it was decided to leave this matter to the discretion of the council.

A full report on wood control was given, and it was decided that the wood inspectors should start their field work in the year than last year, during the month of March.

A. G. Dittie, former Mayor of the old Municipal District of Lacombe, acted as chairman. Lacombe, Alberta.

Since the start of the war the Canadian Red Cross has shipped enough weekly food parcels to Europe and Allied countries to keep the anti-war reputation of Canada alive for 10 days.

The Housing Problem

HOUSING IS A RESULT of fundamental reality to a large section of the population. During the period in which Canada was being settled, the type of house built was constructed, especially in the case of the West, from the nature of the material, more determined largely by the type of building material available. However, it is now known that housing facilities in most parts of Canada are far from adequate and there is widespread interest in raising the standard of both rural and urban dwellings. In Britain, the United States and Europe, improved housing has resulted in solidly higher standards of health and social behavior, and it is apparent that the time has come for us to follow their example in this matter. The considerable demand and almost insatiable need have been shown to be met by the fact that in some areas where housing conditions have been brought up to desirable standards.

Many Moslems Not Adequate

Experts are of the opinion that one room per person is not adequate in the extreme program for adequate living space from the viewpoint of health, privacy and convenience. The Moslems, however, are not so concerned. They are not so concerned with the living quarters as the Christians. They are not so concerned with the living quarters as the Christians. They are not so concerned with the living quarters as the Christians.

Future Homes Are Estimated

It is predicted that in the next ten years following the war, 75,000 new dwellings will be required in Canada, says a report from the Housing Commission. The report states that the housing problem is a serious one and that the government must take steps to solve it. The report also states that the housing problem is a serious one and that the government must take steps to solve it.

Wifey—Oh, no, you wouldn't.

Three—Did you put that note where it would be sure to offend Mr. Decker's attention when he comes by?

Decker—Yes, sir, I stuck it in through it and got it on his chest.

Preparing For Demobilization

THE MAIN TASK OF PREPARATION for the demobilization of service men and women will come when the war is ended, and general demobilization begins. However, there already has been considerable preparation, and this number is increasing as the duration of the war lengthens, and as service personnel realize that demobilization is some time off.

In Canada there is very little preparation for the demobilization of service men and women. A number of Canadian schools and colleges are now offering special courses for the benefit of ex-servicemen and women who wish to resume studies after their enlistment, or to take up new courses in their own time.

British Plans
Many trainees are offered a great deal of thought and time to be spent on a demobilization course. In addition, the demobilization course is being provided by the Ministry of Labour, and many of the demobilized are being trained in various trades and occupations which are in demand.

German Plans
In Germany the demobilization of service men and women is being handled in a very different manner. The demobilized are being trained in various trades and occupations which are in demand.

REGISTRATION FOR
FAMILY ALLOWANCES

Starts on
MARCH 22nd, 1945

**TO OBTAIN
 THESE ALLOWANCES**
 every child under 16
 must be registered

PARENTS: Through the mail, shortly after March 22nd, all families will receive a Family Allowances Registration Form. Fill in this form so soon as it is received and mail it back in the envelope in which it came. Please do this promptly — it is in the interests of your children.

The form you will receive is very simple. There are only seven questions and only a few mistakes need be required to complete the form, but be sure to answer every question.

Family Allowances are being provided to assist parents in the raising of their children. This monthly allowance is to be used for health protection, for doctors, dentists and nurses; to provide better food, adequate clothing and shelter, and to help equalize opportunities for all children.

INCOME TAX: No one will benefit from both Family Allowances and a full income tax deduction for their children. Parents have the choice of applying for their Family Allowances or not claiming the allowance and claiming the full deduction for their children under Income Tax. If they claim the Family Allowance, the amount of deduction from tax allowed for children under the Income War Tax Act will be reduced by the amount of any Family Allowance received. Anyone who is uncertain whether or not he or she will benefit from Family Allowances more than from Tax Deduction should register for the Family Allowance and in this way be on the safe side. Incomes may change during the course of a year.

GIVE! GIVE! GIVE!

**Canadian Red Cross Must Have
Ten Million Dollars Now**

On March 24 the Canadian Red Cross will start their Drive for **TEN MILLION DOLLARS**, and it is up to us to our part to help put this DRIVE over the TOP.

We are now coming into the important, follow through period, in our fight for freedom. No man can afford what this means. Our fighting men are on all fronts... strain toward that day when FREEDOM will be the order of the day. **STICK TO THEIR JOB** no matter what the news is like. They go forward, grimly, with no thought of letting down. Can we in all conscience do less? Our men in prison camps depend for their very lives on our RED CROSS food parcels. Blood serum for the wounded is equally important. The starving, distressed and homeless of the liberated countries look to us for all the help we can give. **OUR boys** in hospital need every comfort and extra attention we can supply. **Y'all** are the Canadian Red Cross **YOU** and your neighbor, and Canadian **EVERYWHERE**. This year the need is greater than ever before. **GIVE TO THE VERY LIMIT.**

This is your personal gift... of **MERCY**. When the Local Red Cross CANVASSER calls on you, just think of our boys over there, and your conscience will do the rest.

The local Headquarters of the ALIX Branch of the RED CROSS during this Drive is at the Alberta Lumber Co. Ltd. Donations can be left with the

Chairman of the Drive Committee.

Mr. Nelson was a Hayes visitor this week end.

Mr. Stone was in Lacombe on Thursday last.

Mr. and Mrs. Ted Saller and daughter left for Sylvan Lake on Friday where they will reside.

Mr. W. D. Clarke, Manager of the Royal Bank of Canada, has been home sick for several days. Mr. Bink of Statler is taking his place for the present.

Canada's minister of labour has announced \$300,000 federal and provincial vocational educational program for the training of members of the armed forces and war workers for civilian occupations.

Hayes comes in mighty handy for every emergency repair around the farm. But it won't do when farm machinery and other expensive equipment needs to be repaired or replaced and replacements can run into real money.

Learn to take care of mechanical repairs or replacements are always available at any branch of The Royal Bank of Canada. Money spent for such purposes is money well invested, because a breakdown on the farm often leads to serious and costly repairs. When you need to repair or replace machinery, or for any productive purpose, call on the manager of your nearest branch.

DEEN - HAMPTON

The marriage took place on Saturday, March 17th at Hgley Parish Church of Sylvia Jean Hampton, daughter of Mr. and Mrs. Hampton of Hgley, Hgley, and Walter James Hampton, whose home is in Alia, Alberta. The service was conducted by the Rev. J. J. Laker and the hymns "Lead us Heavenly Father Lead us" and "O Perfect Love, all hearts together transcending".

The bride, who was given away by her father, was wearing a simple white satin gown, with a veil of lace and a bouquet of pink carnations. She was followed by three bridesmaids, her sister Sylvia Jean, Miss Sylvia Jean Hampton, who were all dressed in white and carried bouquets of pink and white carnations. The bridesmaids were followed by the bridesmaids, who were all dressed in white and carried bouquets of pink and white carnations.

After the ceremony at the bride's home, the couple left for a few days' honeymoon in Hgley. The bride wore a pearl and blue dress and a navy blue dress with hat and accessories to match. The couple received many gifts and were wished they will remember as when they make their home in Calgary.

A Land of Opportunity

IN THE PAST, CANADA HAS PROVED to be, for many people, a land of opportunity. One great reason why is that, and our rich farming and mining deposits have been, by man who had knowledge of the country. The different times experienced during the drought and depression of the "thirties" cannot be denied whether there were many people who found opportunity in the United States, and we have met the demands made by the war upon our energies and resources. The Canadian people have been able to do so, and we have met the demands made by the war upon our energies and resources. One of the greatest of these has been to be able to provide opportunity for the many thousands of men and women who will be required to enter the war, and for the generation now growing up in Canada.

May Have Hope For The Future

There are many reasons why we may have hope for the future. One of the most important is that we have been able to provide opportunity for the many thousands of men and women who will be required to enter the war, and for the generation now growing up in Canada.

Supplies Many Needs

There are still many people in Canada who are not getting the supplies they need for their daily living. One of the most important is that we have been able to provide opportunity for the many thousands of men and women who will be required to enter the war, and for the generation now growing up in Canada.

HOW YOU CAN GET QUICK RELIEF FROM SORE, PAINFUL PILLS

There are many people who are suffering from sore, painful pills. One of the most important is that we have been able to provide opportunity for the many thousands of men and women who will be required to enter the war, and for the generation now growing up in Canada.

Eye Shields

There are many people who are suffering from eye shields. One of the most important is that we have been able to provide opportunity for the many thousands of men and women who will be required to enter the war, and for the generation now growing up in Canada.

Not The Time

There are many people who are suffering from not the time. One of the most important is that we have been able to provide opportunity for the many thousands of men and women who will be required to enter the war, and for the generation now growing up in Canada.

SLOAN'S

There are many people who are suffering from Sloan's. One of the most important is that we have been able to provide opportunity for the many thousands of men and women who will be required to enter the war, and for the generation now growing up in Canada.

SLOAN'S

There are many people who are suffering from Sloan's. One of the most important is that we have been able to provide opportunity for the many thousands of men and women who will be required to enter the war, and for the generation now growing up in Canada.

THIS IS AN OFFICIAL STATEMENT BY YOUR GOVERNMENT ABOUT

COAL

This year the mines must be kept working during the Spring and Summer. Unless they get a steady flow of orders, they will lose their miners to other employment. It is absolutely imperative that the miners keep at work in the mines.

The transportation situation also is likely to become serious. The railways are now in a position to haul coal from the mines to the dealers' yards, but later will be busy hauling grain.

The coal dealers have had difficulties this past winter with delivery labour, and if they are to deliver all the coal required by their customers, it will be necessary to keep their employees busy every working day in the year.

So that your dealer may do his part in keeping the mines busy during this war emergency, get him to fill your bin as soon as possible.

Hon. C. D. Howe, Minister

...then have a talk with your bank manager about his new powers under the Farm Improvement Loans Act.

How often have you said "If I could only raise the money?" Well, if you could, what would you do to improve your farm and increase your production?

Would you build a modern barn?
or buy new machinery?
or modernize your house?
or electrify your farm?

You can raise short term money from your bank; and long term money from other institutions by way of mortgage. But there are some things you would like to do which require loans that are neither long nor short...

That is where the banks, operating under the new Farm Improvement Loans Act, can help you. The gap has been filled. "Intermediate" loans at a specially low rate can now be obtained for periods of two or three years—or even longer, in cases up to ten years.

So, if you have a project in mind to improve your farm, drop in and talk it over with your local bank manager. Ask him what he is now empowered to do to help make your farm living more attractive and your work more profitable.

We will tell you—and show you—that your bank is just as eager to meet the sound credit needs of the farmer as of the merchant or manufacturer.

What every housewife
should know...

about SUGAR FOR CANNING

For tasty, nourishing and economical winter desserts, most Canadian housewives will again do some preserving this year... jams, jellies and all kinds of fresh fruits.

Sugar is still very scarce. We must continue to conserve our supplies.

This year, the allowance for home canning will be the same as in 1944—ten pounds per person. Be sure to use your ration sparingly.

HOW TO GET SUGAR FOR CANNING

Instead of special home canning sugar coupons, twenty extra preserver coupons in Ration Book No. 5 are being made available for the purchase of sugar for canning.

These coupons are good for half a pound of sugar each at the stated value in commercial preserves, but they are the same as any of your preserver coupons.

You may use any other valid preserver coupons to

purchase sugar, also at half a pound each.

No exchange is necessary. Your grocer will accept any valid preserver coupons when you purchase sugar for canning.

There are now only two kinds of coupons for sugar. The regular sugar coupon, good for one pound of sugar, and the preserver coupon, which is half a pound of sugar.

SUGAR FOR CANNING COUPON CALENDAR

REGULAR		EXTRA	
March 17..41, 42	43, 44	45, 46	47, 48
April 19..49, 50	51, 52	53, 54	55, 56
May 17..57, 58	59, 60	61, 62	63, 64
June 21..67, 68	69, 70	71, 72	73, 74
July 19..75, 76	77, 78	79, 80	81, 82

For the balance of the year, you may exchange the preserver coupons for regular ones.

USE ONLY AS REQUIRED

The twenty extra preserver coupons for sugar for canning will remain valid until declared invalid by the Ration Administration. You do not have to use them immediately. You will be given plenty of notice of their expiry date.

GUARD YOUR RATION BOOK

If you lose your ration book, the extra preserver coupons which have already been declared valid will not be replaced. It is up to each consumer to look after his or her ration book.

Sun Life of Canada

yesterday...today...tomorrow

The Sun Life of Canada is an institution of Public Service conducted in the interests of its policyholders. Such was the purpose of its founders in 1855, a purpose which has been proudly maintained through nearly eight decades of continuous development. And such will be the purpose that will guide the destiny of this Company in the generations yet to be.

The premium paid by its more than one million policyholders goes into a common fund operated for their benefit. It is out of this fund that policy obligations are paid as they become due. The savings resulting from efficient management, apart from a very small shareholders' interest, go entirely to the benefit of the individual policyholder who has an interest in the common fund according to the particular form of contract he holds. The relationship of the Company to its policyholders is in the nature of a trusteeship under which the Company agrees to carry out its obligations with the money entrusted to its care. The assets of a life assurance company represent the funds accumulated from the premiums paid by the policyholders. It is the responsibility of the company to manage these funds as to ensure the future carrying out of every obligation, and to endeavour to furnish life assurance at a low cost as possible. The insurance has a possible small safeguard to protect the interests of the policyholders and to assure sound administration.

In the past year, the new business secured by the Sun Life of Canada amounted to \$120,315,141. The assurance in force increased by \$1,310,707,919 and now total \$3,315,915,216. The benefits paid during the year were \$85,912,021, which brings the total amount paid since the founding of the Company to \$120,315,141. The Company's activities during 1944 give ample evidence of its continued progress. The business and the assets of the Company have increased, and substantial additions have been made to the surplus and other funds for further safeguard policyholders' interests.

Arthur A. Munn
President and Managing Director

SUN LIFE ASSURANCE COMPANY OF CANADA

Only of the Annual Report for 1944 will be mailed to all policyholders.

Dennis May Whittle, the English network, is shown in picture on the right, leaving a New York apartment alone, and the subject also remains upon her way out. The American, still being her longest acquaintance, she knew that the subject was coming from her husband. Finally she said to the subject: "I suppose you feel you're good as dead." "Certainly," the subject replied. "Yes, I'm as good as gone." "Then," said Dennis May Whittle, "I'll give you a little more to give you."

FAMILY ALLOWANCES

AND INCOME TAX

THE following answers questions about the relationship between Family Allowances and Income Tax credits for dependent children. Family Allowances are payable from July 1st, 1943, and the registration of children is now taking place.

The Family Allowances Act was designed to help equalize opportunities for all children and when the Act was passed, Parliament applied the principle that there should be no duplication of benefits by way of Family Allowances and Income Tax credits for the same child. An amendment to the Income Tax Act will be made to abolish this duplication. In the meantime, however, the Govern-

ment requires, for the last six months of 1943 during which Family Allowances are payable, no income tax deduction by adjusting the income tax credit received for children.

It is noted that parents in the low income groups will be expected to receive maximum benefits from Family Allowances. Partial benefits will be received, however, by parents with incomes up to \$3,000.

The table below shows the effect of the adjustments which the Government has decided to make. Five circumstances and simply the benefits received by each income group are shown as a part case of the Family Allowances received. The table shows:

(a) Heads of families receiving income in 1943 in excess of \$1,000, but not in excess of \$1,500, will be after credit the full value of their present income tax credits and in addition a percentage of the actual Family Allowances received.

(b) Heads of families receiving income in 1943 in excess of \$1,500, but not in excess of \$3,000, will be after credit the full value of their present income tax credits and in addition a percentage of the actual Family Allowances received.

(c) Heads of families with income in excess of \$3,000 will receive their full income tax credits for children if the Act requires Family Allowances. These taxpayers may, however, apply for Family Allowances, and there will be no duplication of benefits. In the case of a family where there is a large income which might bring them into a lower income range where they would benefit from Family Allowances, it is suggested that the income remains in excess of \$3,000, the maximum credit for children would be paid by the full amount to Family Allowances received.

TABLE SHOWING EFFECT OF ADJUSTMENT FOR 1943

AMOUNT OF TAXABLE INCOME		Percent by which amount will benefit from Family Allowances in addition to income tax credit for 1943	
Over \$1,000 but not over \$1,500	but over \$1,500	100%	of
Over \$1,000 but not over \$1,500	but over \$1,500	100%	of
" 1,000 " " 1,500	" 1,500 " " 2,000	75%	of

NOTE—This table applies to married couples and other families the same of married couples. It is not applicable to single persons. For the full details of the Act, see the Act and Regulations thereunder. The Act and Regulations may be obtained from the Department of Family Allowances.

Family Allowances will be paid in full

In all cases, there will apply for and be eligible to receive Family Allowances will receive them in full, month by month. See table below:

SCALE OF MONTHLY ALLOWANCES FOR THE FIRST FOUR CHILDREN

For each child	
Under 6	\$3.00
From 6 to 9	6.00
From 10 to 12 (inclusive)	7.00
From 13 to 15 (inclusive)	8.00

Where there are more than four children under 16 in the family, the monthly allowances for each child after the fourth will be reduced in accordance with the provisions of the Family Allowances Act.

As far as is possible, to take care of the adjustments necessary to avoid duplication of income, current income tax deductions of the income will be adjusted to take into account the new situation when Family Allowances should not therefore be included in calculating income for this purpose because Family Allowances are not taxable.

FAMILY ALLOWANCES ARE NOT TAXABLE

Special attention is drawn to the fact that the income tax credit used in the table above refers to family income, and any amounts received as Family Allowances should not therefore be included in calculating income for this purpose because Family Allowances are not taxable.

Family Allowances are also additional to dependent allowances for servicemen's families and military pensions.

The children registered after July 1st, 1943, Family Allowances will be paid on from the month following the month when registration is made. Family Allowances are not paid retrospectively.

COMMISSIONER for OATME

John Bracken says —

"It is not fair to demand that farmers shall work for less pay than anybody else; or have their children receive only one-quarter the chance of a secondary education, or one-tenth the chance of a university education that other children get; or see their wives forced into lives of toil, often 12 but sometimes 14 hours a day — Sundays and holidays included . . . The trouble is that no one with the necessary authority has determined to correct the basic economic ills of Agriculture."

BRACKEN WILL ABOLISH INJUSTICE TO FARMERS

John Bracken, the farmer, is not content merely to point out the injustice of which he, and every other farmer, is only too well aware. He is determined to abolish these economic ills, these injustices, immediately and permanently. John Bracken guarantees definite **PROTECTION FOR FARMERS** against income collapse and wide extremes of income fluctuation:

- The Farmer shall be guaranteed a just and proportionate share of the nation's income.
- This will be done by a system of fair prices to be announced before the season of production. The farmer will then carry on with the assurance that he will receive a just share of the national income. He will thus

have money to buy farm implements and provide for comforts. His own living standard will be permanently raised and he will be able to contribute to community welfare.

• We shall re-establish a Natural Products Marketing Act.

• We shall appoint a Board of Livestock Commissioners in which shall be vested power to regulate and direct all aspects of livestock marketing in somewhat the same manner as the Board of Grain Commissioners regulates the handling of wheat.

These are only the highlights of the Bracken Party's pledge to Canadian farmers. Join John Bracken in his fight for farmers' rights.

Hon. C. D. Howe, Minister

Security with Freedom!

Your Vote on June 11th can bring lasting security to your work, your home, your family!

Security for your WORK

Here are some of the definite, practical steps taken by the Liberal Government to give security to home and family by assuring well-paid post-war jobs for everyone.

For Veterans — The most generous plan of any United Nation to get retrained men started in the type of work each of them chooses. The Liberal Government is determined that every man and woman coming home to Canada shall secure to him the kind of greatest opportunity in the world.

For Workers — About a third of all Canadians depend on exports for their livelihood. Liberal plans provide for increasing our exports 50% in value over those of 1939.

For Farmers — Acting on the belief that all Canadians pay for what farmers do, the Liberal Government has arranged that they can improve their farms and equipment under a new loan plan and fix arranged to pay a floor under the prices of farm and fishery products.

To stimulate employment for all, the Liberal Government has created a special Department of Reconstruction which is now in operation and which will co-ordinate private and public enterprise.

Security for your HOME

The Liberals believe that the home is the heart of the nation. They seek to give Canadians every possible facility to build and furnish better homes! With Government assistance you can build a home in the country, town or city. This will make jobs for the building trades, and those who make building supplies—and those who manufacture household equipment and furniture.

For Canadians — The Liberal Government is now introducing National

Housing Act, now as the war goes on, enables hundreds of thousands of Canadians to get money at low interest rates to buy, purchase or build, reconstruct or enlarge their own homes. Now that their day is dawning, there are already in operation the at least 50,000 dwellings.

Other families, such as the members for the country's lowest Unemployment Insurance and Liberal Old Age Pensions.

The Liberals believe in doing what can be done, as soon as it can be done. If returned to power on June 11th they will carry on and expand the sound, constructive work already started.

Security for your FAMILY

Family Allowances — Starting in July, parents who have at least four income tax exemptions will receive Family Allowances cheques every month to help them get better food, clothing, shelter and education for their children so they can grow less badly, vigorous Canadian children. These cheques will amount to between \$100,000,000 and \$12,000,000 a year. No direct spending power — it will do much to help in relieving the Liberals' obligation of full employment.

Health — A National Health Plan will ensure that everybody shall be taken care of while they are sick and the best measure a medical science can devise shall be employed to prevent disease.

Despite the efforts of Dr. Bruch, Bruch and other reactionaries, the Liberals are determined that human beings are a needs of man, shall be placed before "business as usual".

The Liberals have faith in Canada, a united country, and in their ability to continue to build, with your support, a more abundant life and greater opportunities for Canadians.

Help build this new "land of security" with freedom. Protect the social gains already made. Vote for your Liberal candidate on June 11th.

A Suggestion by the

BREWING INDUSTRY OF ALBERTA

Canada is the world's greatest producer of pulp and paper.

THERE'S ENOUGH IN THE SUGAR BOWL... If we all share equally

We Canadians, together with the citizens of the United States and Great Britain, will eat less sugar during the balance of 1942.

To meet our own needs and the urgent requirements of our Allies and the liberated countries, our share of the reduction must total nearly 200,000,000 pounds of sugar during the rest of the year.

To assure fair distribution of what is left, the sugar ration is to be cut by five pounds during the next seven months by reducing the monthly allowance to one pound in June, July, August, October and December. In September and November, the allowance will remain unchanged at two pounds.

The ten pound sugar allowance for home cooking, represented by twenty extra pounds of sugar, remains unchanged. Two regular purchases everyone will continue to become valid each month.

ANSWERS TO YOUR QUESTIONS ABOUT SUGAR

1. Why is there more demand for sugar now?
A. The rising demand largely reflects the needs of liberated areas.
2. Why is there less production?
A. World sugar output is lower for three reasons:
1. Many countries, such as Russia, have cut production, or will to conserve their own resources.
2. The United States has cut production to conserve its own resources.
3. Other sugar producing countries have experienced serious shortages of labor and facilities.
3. Should conditions and resources have also cut production in the tropical West Indies area?
4. Why is there more demand for sugar now?
A. The rising demand largely reflects the needs of liberated areas.
5. Why is there less production?

6. Should conditions and resources have also cut production in the tropical West Indies area?

INDUSTRIAL AND GOVERNMENT USES WILL ALSO BE LIMITED

Beginning July 1, 1942, sugar made available to industrial users, such as bakeries, confectionery, and other food processors, will be limited. Further, the use of sugar in the production of alcohol, and other non-food uses, will also be limited.

PLANNING

... that has come true

Over the years, the policy of Sorensen Bus Lines Limited has always been to plan for and initiate continual improvements to its organization. Whilst giving the best service possible it has steadily been laying plans for a finer, more efficient, more comfortable travel system for its passengers. And, over the years, as opportunity presented itself, these plans were put into action.

During the war, when restrictions hampered actual changes, plans were drawn up for the earliest possible introduction of finer, newer, more comfortable buses to facilitate and improve travel on Sorensen Lines. Now they are here ... ready for your convenience ... to serve you, and speed you, relaxed and comfortable, on your way

Practical
In a few hours America or Germany can destroy the work of weeks, and we superior citizens all gardeners to be on the lookout for pest damage of any kind and to have some defensive material on hand. The best protection, of course, is a healthy garden that is well cultivated free of weeds and growing fast. Cultivation alone will do wonders and is possible even with the most limited equipment. It will not do any harm to add a little commercial fertilizer and a couple shovels along. The healthy garden needs nothing but without more attacks, but not always.

Remember, then, that a combination of numerous unfavorable weather,

I Married an Angel!

RESIST, the bravest, clearest, most reasonable little gal in the world. Knows what's what about good food, too!

So when she said "Tomatoes—a grand-tasting delicacy, but I don't like 'em, honey!"—I was willing to try a try. Just for her sake, indeed!

It really is to be continued... on May 19! What a flavor! Rich and hearty and satisfying—not like too, not like coffee, just a grand delic.

Angel says that some children are really dirty. I thought potatoes weren't a waste of food or any other drug but good to eat as far as potatoes go.

MANY WARM SITUATIONS

There are approximately 70,000,000 dry weather conditions similar to the Milky Way within the rings of modern civilization, providing, in an estimate of a personal observation.

The most dangerous temperature for the formation of ice is about half those between 30 and 60 degrees Fahrenheit.

It's really right in the cap. And for all that, it costs less than 30¢ a serving.

CLIVE NEWS

Funeral services were held on Saturday afternoon for the late Mrs. Laura A. Handley, of this resident of this district, who passed away in a Calgary hospital after a lengthy illness. The funeral was held at the Clive United Church, interment was made in the Lacombe cemetery in charge of funeral arrangements.

The late Mrs. Handley was born in Iowa in 1827 and came to this district in 1891. In 1909 she married Robert Handley and lived with him in Clive since. There are two children, Mrs. Ethel Leachman of Calgary, and Gordon of Clive, two daughters, two sons and three brothers.

Mr. and Mrs. Armstrong received the welcome news that their son Robert was in the last stages of returning soldiers. He is expected to arrive in Calgary the first part of this week. Capt. Bob Armstrong was liberated from an internment camp in Germany recently.

The students of the Westing School are enjoying a very interesting holiday this week, but for their teachers, Mrs. Mabel Leachman of Calgary, and Gordon of Clive, two daughters, two sons and three brothers.

MEN FOR HOME BUILDING
MUST BE SECURED

Home building is highly essential to overcome pressing housing shortage, and to provide dwellings for the Forces at discharge.

Shortages of workers for building homes and for producing the building materials are the chief causes of the housing shortage.

A home Canada's program for the construction of 50,000 homes as soon as possible.

All men experienced in home building or in producing building materials, who are not now working in other lines, are urged to apply to the nearest office of the National Employment Service immediately.

Men experienced at home building or producing supplies, if new in other essential work, will be given priority in work jobs which will assist the home building program.

All men, not now at home building, who are producing supplies, who can fill a job in this program, are urged to answer this call.

Apply at once at the nearest office of the National Employment Service.

THE PICK OF TORONTO

Blood, Sweat And Tears

In a RECENT ARTICLE PUBLISHED by the British Ministry of Information, some of the facts relating to Britain's part in the Allied victory in Europe are reviewed and a number of interesting details concerning her military effort are set forth. Britain's part in the war in those times that public attention is constantly drawn to new situations and developments. It should never be forgotten, however, that the people of Britain remained free in the days when they stood alone in the way of complete victory for the conquering German and Italian empires in Western Europe. They gave their lives to that fight, the literature of Europe would have been delayed for many years, and would have been almost difficult to obtain. Five years ago, Mr. Churchill told the nation that blood, sweat and tears" lay ahead and the article states that this promise was accepted by the British people "in the greatest unhesitant and joyful manner."

Heavy Losses Were Suffered

There had always been the story of Britain's part in the war in Europe was indeed one of blood, sweat and tears, but it is also a story of determination, courage and sacrifice. The story of the British Army's part in the war is a story of the British Army's part in the war. The British Army's part in the war is a story of the British Army's part in the war. RELATED ISSUE COULD NOT BE DETERMINED
TO THE CANADIAN PUBLIC
WE SAY

Thank You

DURING the war, so happily ended, the Canadian National Railways, as Canada's greatest transportation system, had a gigantic task to do.

Our ability to fulfill this duty to the credit and satisfaction of the Nation is due, not only to the skill, devotion and zeal of those who are our workmen, but in large measure to the Canadian Public who, by their generous responses to appeals for help and their uncomplaining acceptance of restrictions and controls, lightened our burden.

We wish to thank the Canadian Public sincerely for their help—the millions of passengers who used our trains and steamships, the shippers of freight and express, the guests in our hotels, the patrons of our telegraph and other services, and the unnumbered citizens who refrained from travelling needlessly as their contribution to the common cause.

The surrender of the last enemy has ended the fighting but it has not ended the war job of the Canadian National Railways. The men and women in the services have to be brought home without delay and for that purpose we will continue to employ all our available passenger equipment. Millions of tons of materials must be transported for industrial reconversion.

In saying "Thank You" we express the hope that in carrying out these further extensions of our war job, we may continue to enjoy the understanding of the Canadian Public.

Local offices of the Price Board are situated in Calgary, Lethbridge, Medicine Hat, Red Deer, and Grande Prairie.

Training For Peace

We are now a nation trained for war. Hard training in camp and factory, overseas in the habits of peace and pit men and weapons in the battlefield. But are we in training for peace? Have we not become so fit as a nation, in our homes and factories, our offices and farms, to resist temptation to sink back in victory? Have we toughened our mental and moral muscles to fight on now we secure the peace and build a new world?

Just as soft home life softens men for war, soft home life softens them for peace. Hand-to-hand, wire, and chlorine gas can train together now for the adventure of a new home life. With the boys home, and the first thrill of reunion over, our families need not set back in the dullness or the petty quarrels that lead to broken homes. New homes will fashion the new age. Every husband and wife, son and daughter, has a part. They can train themselves to keep on top of snapping back. They can train themselves to think of each other instead of themselves. Every victory they gain in these daily lessons with will, is a lesson in the new structure of new families and a better world.

Just as slow down strikers, and lock-out-riddled industry for war production they can cripple industry in peace. Recently they keep us from producing that great peace time priority - national unity. They keep us from developing that pattern of behavior which man wins the confidence and friendship of other nations. But every employer and every worker, every husband and every shop steward can start training now so eliminate friction in human relations, far more devastating to production than is friction in machines. They can think not what is right but what is right in the interest of all. They can think how to turn out, not just quality goods, but quality citizens. They can train to work as a team - for more production to power that the work of either side or hands. Canadians have a tremendous past. If we train in this way for peace we can have a even greater future. And we will have something to export to other nations, better than the best goods and ideas we have ever shipped - "Full-Citizenship Canada." Press Service.

State Secretary Martin said Saturday that announcements may be expected sometime next week as to whether Canada will discontinue daylight saving time.

AND YOU'VE GOT INFLATION

Let's not deceive ourselves by the belief that the danger is over—just because the war is won. And let's remember that inflation is always followed by deflation with its misery of bankrupt businesses, mortgage foreclosures and unemployment.

It's your job and your savings that are at stake.

The danger of inflation, with its black market—deflation—will result in long no goods and scarce and insufficient to meet demands. That may be 6 months, 12 months, 18 months. Only time will tell. As quickly as controls are necessary, they are dropped. After nearly 4 years of war, industry cannot catch up to normal production of dollar goods by a snap of the fingers. Resources taken then, the whole system of raw materials, labor and production has to be re-organized.

In the meantime, price ceilings, rationing and other controls are the safeguard for every one of us. It's everybody's responsibility to help make that work.

Don't keep on watching your buying; that's not to buy scarce goods. Keep on saving your money. Put it into Victory Bonds and War Savings certificates.

Keep on supporting wage and price controls, and rationing. Keep on fighting inflation and its black market... deflation.

Most people have been experiencing an urge to relax after six years of a nation. There exists among us a natural desire for a release from the driving pace of the last six years of all time.

But this is not enough. The re-establishment of our routine, and the release of our minds from the constant pressure to construction, construction, and the public as a whole, is a task that will take several years. And to find this to carry money for these three months we will find that the money is not driving energy during the North West Territory, Canada, as we had in any of its previous years.

Seasonal Reduction Motor Car Licenses

First reduction in motor licenses in Alberta this year will take effect Oct. 1, when there will be the annual 10 per cent in the annual license fee, according to information received by the Alberta Motor Association.

In case of cars which were licensed from 1 to 1945 or in the previous years, the reduction will be 10 per cent of the annual fee.

Through the lifting of wartime restrictions on gasoline, it is expected that there will be a spurt in applications for new licenses this fall. Many owners who have had their cars out of operation for the duration are expected to have them in service from now on, providing weather conditions are satisfactory.

Hotel Meat Quotas Required

Hotel, rest-aurants and other outlets of rationed meats must surrender ration coupons in amounts to supply not later than 11 days after most deliveries or at time of payment, whichever comes first, the WFTB announces.

All quota users have received most quota authorizations to be used in the same way as butter and sugar quotas. Under meat rationing, no reduction in the size of meat portions served to the public will be permitted without prior authority by the administrator of service.

As part of the overall meat rationing plan, meatline queues will continue in public eating places on Tuesdays and Fridays.

COMMUNITY

YOU CAN'T GAMBLE WITH

INFLATION

THE DICE
ARE LOADED
AGAINST YOU

Canadians are lucky. So far we've prevented inflation and avoided deflation.

It's not been just good luck.

Your support—everybody's support—of price ceilings, rationing and other controls alone has made it possible.

BUT NOW COMES THE REAL TESTING TIME.

The danger of inflation and its black shadow, deflation, will last as long as goods are scarce and insufficient to meet demands.

With the war over and pouring of money in our pockets it's easy to overlook the danger.

It's easy to think that paying just a little more to get something we want is unimportant now.

It's easy to think that what you do can't hurt—and to forget that careless, extravagant buying is a sure way to help a general rise in prices.

That's how inflation gets going.

BUT INFLATION IS ALWAYS FOLLOWED BY DEFLATION.

And deflation brings cancelled orders, bankrupt businesses, mortgage foreclosures, unemployment and distress—distress you can't avoid.

Until industry gets back to normal, price ceilings, rationing and other controls are our safeguard.

SO— Keep on watching your buying. Don't rush to buy scarce goods. Keep on saving your money. Put it into Victory bonds and War Savings certificates.

Keep on supporting wage and price controls, and rationing. Keep on fighting inflation and its black shadow... deflation.

This advertisement is one of a series being issued by the Government of Canada to emphasize the importance of preventing a further increase in the cost of living now and deflation and unemployment later.

ALBERTA CROP REPORT

An average of grain crops out throughout the province shows wheat, 50 p.c., oats, 70 p.c., and corn, 40 p.c. in the south and central districts throughout the province. The north and north-western districts were only 20 p.c. in the north and 30 p.c. in the west. A very good crop of grain is growing in the south and central districts, but the north and north-western districts are still in the hands of the weather.

Seed Testing Service

In accordance with a promise made nearly two years ago, the Seeding Time Harvest has been completed and is now being distributed to the growers of wheat, oats, barley, rye and flax.

The distribution of this seed is of great importance to the growers of these crops and is being distributed to the growers of these crops.

1. Germination. This will be made as accurate as possible.

2. Seed purity. The presence of weeds and other seeds will be reported on request.

3. Size. All wheat samples will be tested for best (feeding) quality and tests will be made on oats and barley if requested.

4. Other factors. As samples are received from the grower, they will be examined for the presence of other factors.

5. Moisture. Damage to the seed will be determined and it will be important to know the moisture content of the seed.

6. Other factors. As samples are received from the grower, they will be examined for the presence of other factors.

WALPER-HANSTEIN

A quiet but pretty wedding was celebrated in United Church at Alix, on Thursday, Oct. 4th, when Elizabeth, eldest daughter of Mrs. Hanstein of Inglewood became the bride of William Hanstein, second son of Mr. and Mrs. J. A. Walper of Alix. Rev. Harrison officiating. The bride looked lovely in a floor length gown of white tulle with a three quarter length veil held in place by a crown of orange blossoms, and carrying a bouquet of American lily and roses. She was attended by the groom's sister, Miss Charlotte Walper, who wore a floor length gown of pink tulle and carried a bouquet of pink carnations. The groom was attended by Mr. Alfred Hanstein of Inglewood. Following the ceremony a delicious lunch was served at the home of the groom's parents, the table being covered with a three tiered wedding table. The bridal couple left for a short honeymoon trip to Calgary and Jasper.

In most Western European countries, there is a desperate shortage of meat. As a great food-producing nation, Canada, meat, corn and wheat - help to meet the emergency. The job will not be finished at the year's end. Food conditions in Europe will continue until the next harvest.

This year, Canada is relying on Canada for a shipment of 750 million pounds of beef, pork and canned meat. Up to the end of August, only 675 million pounds had been sent.

How soon can we bridge the gap? The answer lies in the hands of the last four months of the year. If we are to help feed the hungry peoples of the world, Canada, this is the time to make our greatest effort.

To do our part, we must reduce our own consumption of meat and also export that everyone in Canada gets a fair share. That is why rationing is necessary.

MEAT RATIONING AIDS TO EVERYONE'S WELFARE

The producer who slaughters, the retailer who sells, the consumer who buys and eats - they all play a vital part.

AS A CONSUMER, HERE IS HOW YOU CAN CO-OPERATE

1. Try to plan your meat purchases before leaving home by determining what you intend to buy and their approximate quantities.
2. Make sure you have enough valid coupons and tokens to cover your proposed purchases by referring to the Consumer Coupon Value Chart and the Coupons and Tokens Chart.
3. Know the dates your "M" coupons become valid.
4. Do not buy more meat than you really need.
5. Avoid shopping at peak hours.
6. Be patient. Remember - your butcher may have transportation help.

Commendable Co-operation

AN EXAMPLE OF PRACTICAL cooperation which has received commendation from the press and from many other sources, is the present scheme for the exchange of labor between farmers of the Prushe Province and of Ontario during the harvest season in these two neighboring countries. This year a number of men from Ontario have been sent to Prushe to do some work helping with the harvest there. It is expected that, in turn, there will be a movement of farmers from the East when the crop here is ready to be taken in. Shortage of labor has been one of the most acute of the many problems with which farmers in this country are confronted. The war reduced farm labor to a minimum, and the loss of many men by the army and navy was being met by men-quarter and a large number of Chin who left the farms. The Prushe men were young men of military age, representing the most valuable type of help.

The Need For Greater Unity

harvest season. The plan for the exchange of labour between superfluous farmers of the East and West eliminates this disadvantage and provides the harvesters with the opportunity to work in the most profitable areas. It is staffed both for the harvest in many parts of the country, in addition to the very practical value of the scheme in providing much-needed farm labour, the harvest exchange is regarded as an example of the type of co-operation which is needed on a much larger scale, between all parts of the Dominion, if we are to continue to grow as a nation. One of the greatest obstacles to national unity is the extent of our country. We are divided, by the geography of the land, into sections, and there is need to nullify the geographical barriers, and to break down the prejudices and intercommunal walls that stand in the way of complete national unity.

May Lead To Desired Ends

who spends considerable working on a farm in Ontario, is likely to return with a deeper understanding of the problems and of the point of view of the RSM with whom he has worked; and the same would be true of the farmer from the West who comes to work on the Prairies. For many years there has been a lack of understanding between the two groups of farmers, and the "planting of seeds" of farm products in the RSM. Only farmers in Ontario have not always looked with favor on "farmers" and other resources designed to improve conditions in the Prairie Provinces. Agriculture is one of our largest industries, and if better understanding and closer cooperation is achieved between the farmers of the West and East through the exchange of labor, it may be an important step towards the betterment of the whole of our beautiful North American continent.

WE'LL HAVE THE MONEY

IF thousands of other Canadian farmers will welcome the 5th Victory Loan as another opportunity to save money to provide for future plans, Victory Loans have provided an excellent means of helping the war effort, in the same time contributing to our own personal welfare.

Canada needs more money now... to make loans to foreign countries so that they can establish credits which will enable them to buy food and other things which they require.

This food will come from Canadian farms; these goods from Canadian factories. When we help to cross markets for our farm produce abroad... and when we help to keep Canadian factories busy... we help to maintain good prices for the things that Canadian farms produce.

Victory Bonds also provide a reserve fund of working capital for our own use... so handy to have as many times. Any bank will buy Victory Bonds at any time, or loan money on Victory Bonds if we need it.

... and for our future plans, we'll have the money required for things we want to do...

Get ready to buy more Victory Bonds this Fall. Buy double this time... the same rate of savings as in previous loans will pay for twice as many bonds over the 12 month period.

CANADA'S NINTH VICTORY LOAN

Canada's Ninth Victory Loan
starts Monday, October 14. The
objective is \$1,000,000,000. This
could be called "Our Two In
the Loan", as this loan is to
cover the period of one year.
Former loans covered only six
months.

A few reasons why we should
invest:

(1) Our boys in the com-
munity army overseas must be
fed, clothed and cared for.

(2) Our boys and girls over-
seas must be returned to Can-
ada. (This includes the wives
of the boys who must be brought
back.)

(3) Our boys must be paid the
guarantee which they so gall-
antly earned overseas and
which "we want to see paid".

(4) To care for the wounded
veterans.

(5) Canada has always im-
ported an enormous quantity
of grain, cattle, etc. to overseas
markets. We must keep these
markets. This is sound busi-
ness, that is sound business
as shown by the laws of Canada.

(6) Bonds are good invest-
ments.

Have your money to be able
to build that home, buy that
car or send that boy or girl to
college.

Principle: Finish the job at
it should be done.

this is the Branch Bank where Jack keeps his money,
so he does not have to keep his savings at home with the
danger of loss, fire, or theft, and can pay bills safely and
conveniently by cheque.

this is the Teller in a branch of a different bank in another
city, who makes sure that the man who presented the
cheque was really the man Jack intended to pay. Then
he added the amount of the cheque to that man's deposit
account.

this is the Clearing House maintained by the banks in
that country's cheques can be exchanged and the banks
can settle their accounts with one another every day.
From here, Jack's cheque was sent to the clearing
department of his own bank, and from there to the branch
where Jack keeps his account.

this is the Ledger-keeper who made sure that the sig-
nature was really Jack's. Then he debited Jack's account.
The amount is entered in Jack's passbook next time he
comes in, so he always knows exactly where he stands.

This is a sketchy outline of what happens when you pay an over-due bill by
cheque. Many people pay their large local bills that way too. To be able to pay
by cheque is a tremendous convenience which comes you into or nothing.
Banks are the bookkeepers for millions of your fellow-Canadians.

THE ALTERNATIVE

Grain producers who want to build up an elevator system for their own service and welfare will patronize Pool's elevators.

The alternative is to build up wealth and power for private undertakings.

The sensible method is for farmers to patronize the farmers' own co-operative organization.

FARM MACHINERY OFF NATION LIST

All retaining controls have been removed from sales of farm machinery, and restrictions on the production or importation of such machinery have been lifted.

Price controls remain. Government maximum prices for farm implements is the price of which items sold during the basic period, August 15-October 14, 1951.

Under Consumer Credit Order No. 235, certain 10 per cent of credit for farm machinery over 13 of quoted price paid in cash. The balance of the credit to be paid within two years of the date of the purchase of the machinery.

Despite the lifting of production restrictions, it is expected that the shortage of commodities such as multiple engines and chisel and V-type 12 maximum output of these implements during the year July 1, 1945, to June 30, 1946, to a 24% increase (in average basis) over the output in the preceding 12 months.

Farmers' Poultry Prices

Farmers selling all types of poultry, except turkeys, direct to consumers are permitted a 15% markup over the wholesale prices established for the zone in which they are located. Turkey producers are allowed a 20% markup over the wholesale level.

Potato Storage Allowance

(Order A-1540 now in effect)

A storage allowance of 5c per 75-lb. bag of potatoes and 7c per 100-lb. bag is allowed on November 1. Another 5c per 75-lb. bag and 6c per 100-lb. bag may be added on December 1 and another 5c per 75-lb. bag and 7c per 100-lb. bag on January 1, 1946. There will be no storage adjustment for February but monthly increases will be resumed on March 1.

FARMERS' RATION COUPONS

Coupons covering former sales or farm household consumption of meat and butter, and sales of preserves must be forwarded to Local Ration Boards in primary producers' envelopes (B-411). Reports for November should reach the Local Ration Board not later than December 10.

Following are the valid coupon dates for November:

MEAT	BUTTER	SUGAR	PRESERVES
November 1.....	9	128	
8.....	10	10	
15.....	11	129	44, 47
22.....	12	130	
29.....	13	131	

Farmers are required to send in "74" coupons to the Local Ration Board for meat they consume, and meat they sell to former neighbors at the rate of 4 lbs. per coupon. Farmers who slaughter must send in to the end of the month more than half the valid meat coupons in the ration books of their households. Farmers who purchase meat from other farmers and surrender to the selling farmer must send coupon for every 4 lbs. of meat purchased, even if the same surrendering coupon not yet valid.

FARM SLAUGHTERERS

Farmers who slaughter for their own household consumption or for the consumption of their former neighbors, are not required to hold a slaughter permit. Any excess of farm slaughtering must over the farmer's or his neighbor's needs may be sold only to the holder of a regular slaughter permit in quantities not less than a quarter of beef or a side of pork. Sheep, lambs or calves slaughtered by the farmer for his own or his neighbors' use may not be sold into the trade.

Excess slaughterer's quotas for cattle have been temporarily suspended and will further notice a licensed slaughterer may slaughter all the cattle he requires.

Rationing

It is your assurance of a fair share. It is a protection against waste... shortages... inflation. That is why farmers are asked to measure in collect and form in coupons to their Local Ration Boards—once a month—in the B-411 envelopes.

Who Benefits Most From Victory Bonds?

All people who have bought Victory Bonds, to help Canada's war effort, have learned the value of saving money.

We have learned that we can save.

We have learned how to save.

WE HAVE OUR BONDS. Dividends, twice a year, remind us that we are better off because we have invested in Victory Bonds.

Now, we are asked to buy Victory Bonds again.

Yes, the war has ended . . . but a lot of war costs remain to be paid. Canada still needs all the money that every Canadian can save and lend.

Starving allies look to Canada for food. Devastated countries need as many things that we can supply. Canada must extend credits to these countries to help get them back on their feet . . . to enable them to purchase from us the things they need . . . food from

Canadian farms . . . products of Canadian factories. In this way the Victory Bonds we buy will help to ensure a higher level of employment by providing markets for Canadian goods.

Men and women who have served in the Navy, Army and Air Force must be re-established in civil life. This is a big job and it will cost money to do, but it must be done and well done. Victory Bonds will help to pay the cost.

And . . . by putting off buying everything we can do without . . . and using our savings to buy more Victory Bonds . . . we will help to keep down prices of things we have to buy . . . we will help to keep down inflation. This, too, is important!

It is announced that there will be only one Victory Loan in the next 12 months. So all of us are expected to buy double this time. The same rate of saving as in previous loans will pay for twice as many bonds over the 12-month period.

FARMERS CAN BUY VICTORY BONDS

On Convenient Deferred
Payments

THROUGH ANY BANK

Just sign a short form (which Victory Loan Salesmen carry (banks have copies) ordering the bank to buy Victory Bonds for you. Pay \$2, when ordering the bonds and the balance at any time during the next 12 months. The interest the bonds earn pays the interest on the bank loan.

EQUITABLE TREATMENT

The farmer patrons of Alberta Pool Elevators are treated with a degree of fairness and equity that is obtainable only under the co-operative system.

It happens some times that competitive grain handling organizations give preferred treatment to a very few farmers, at the expense of all the rest of the farmers as a group.

A little thought as to what the Wheat Pool's have for the farming community should convince all farmers that it is to their advantage to patronize, wherever possible.

Select Color Style For License Plates

Alberta license plates for cars in the license pool of which opened April 1 and have a registered color combination, according to information received by the Alberta Motor Vehicle Board.

The colors will be black, white, red, blue, green, yellow, and orange. The color combination that is distinctive and has been found to give satisfactory results when used in several of the states.

The 1943-44 license plates will be made up as early as possible in March, following the practice in recent years.

Orders for 100,000 new plates were placed some time ago by the provincial secretary, and the plates will be delivered early in the new year.

A single plate will be used on cars in the new year, following the system operated during the current license period.

Lifting restrictions on imports will forestall any potato shortage arising from early September frosts in this province, Board officials point out.

After November 1, milk distributors may sell 10 p.m. milk butterfat in cream form, the Wartime Prices and Trade Board says.

Poor potato crops in Western Canada this season will not mean Alberta potato shortages, the Wartime Prices and Trade Board says.

To make late autumn supply of potatoes will be imported from the United States and sold at Canadian selling prices.

SIDDONS-JONES

A pretty wedding took place
on Sept. 18th at Ridgeport, Kent,
England, when Allan Siddons
of Mr. and Mrs. G. W.
Jones, became the bride of
Gwendolyn, youngest son of
J. W. and Mrs. L. H. Siddons
of Winnipeg.

Given away by her father,
the bride wore a full length
net gown and a wreath of
orange blossoms with full length
veil, and carried a bouquet
of carnations and fern.

She was attended by her
sister-in-law.
Mr. Jones, brother of the
bride, acted as best man.

A reception was held at the
home of the bride.
Mr. and Mrs. Siddons will
make their home in Canada.

A. Y. P. A. NOTES

The young people of Alta and
district met, October 11, in the
U. F. A. Hall to form a Young
Peoples Association. Rev. Mac-
dill, the leader of the organiza-
tion, gave an idea on how to
start Young Peoples.

The next meeting was held,
October 18, in the Legion Hall.
It was decided that our group
would be an Anglican Young
Peoples Association.

We agreed upon our date and to
have our meetings every two
weeks in the U. F. A. Hall.

A special meeting was held
on October 29 at the school,
where we elected Monica Ashby
as our candidate for "Carnival
Queen."

November 5 was our next
meeting and we elected our
officers. They are: President -
Joe Rogers; Vice President -
Shirley Hall; Secretary - Marie
Sells; Treasurer - Rev. Fred
Publicity Secretary - Pat War-
ren.

DO YOU KNOW HOW MUCH A KILOWATT HOUR IS?

YOU CAN'T!

It is hard in order to learn the value of anything,
try to make one year. In the case of a kilowatt
hour of electricity, you'll find it quite a task to make
even one.

Several years ago a stationary bicycle was built
to drive an electric generator. At
Electric Show many tried their hand, and
people realized the amount of work they were
doing, and their combined work produced only 2 1/2 kilowatt
hours of electricity!

At National Square Garden a champion all-day
bicycle rider pedaled this same machine in
separate effort of six months. The motor showed
that he made almost five-hundredth of a kilowatt hour.
If he had his time made had kept up this effort for
six days and nights (impossible of course) they
together would have made about five worth of
electricity - poor pay for a week's work for two
famous athletes.

EMERGENCIES arise in any family

Beats are constantly making small loans to meet the emergencies which can upset the best-planned budget.

Three out of every five bank loans are for less than \$500. Many of these are used to take care of such emergencies as doctor or hospital bills, temporary unemployment on the day, a sudden journey, the winter's coal bill.

Again, educational needs of the family often are financed by small bank loans.

These small loans enable individuals to meet sudden debts, and to pay back from income.

Small loans enable just one more example of the service available to you at your bank.

New United States Warships To Hit For Panama Canal

The United States Navy's new \$5,000,000 aircraft carriers, biggest warships afloat, are too hefty to pass through the Panama Canal. In order to reach the Pacific they must round Cape Horn or the Horn of Africa.

Construction of the new naval armaments is not a case of a man build-

ing by the Caldwell Shipbuilding Co. to its employees under 21 years of age and daughters of employees, carrying up to five yachts at McGill, Montreal.

Household student attended pupils at Fort Wayne, Ont., and at Roseville, Man., and high school at Roseville, Guelphburg and Norfolk, and recently completed a two-week summer course at Bachelors' average, 100 per cent.

to take through the door. It is simply recognition that the Coast, as a controlling factor in naval construction, is outstanding.

The two salmoniers are the Midway, already commissioned; the Franklin D. Roosevelt, launched but not commissioned; and the Chesapeake, still under construction.

It is a matter of time before the war but not completed, will eventually permit the carriers to get through the canal.

Born to Mr. and Mrs. C.E. Peterson, at the Red Deer Hospital, Jan. 1 a son.

Born to Mr. and Mrs. M.R. Nielsen, in the Lacombe Hospital, Dec. 31 a daughter.

Mrs. R.R. Senf of Tons was a guest of Mrs. Nielsen on Friday. Mrs. Senf is leaving for California in a few days where she intends to spend the winter.

Mrs. A.E. Colman of Carleton Place visited with her parents Mr. and Mrs. McPherson for several days recently.

On Friday evening of last week a shower was held at the home of Mr. and Mrs. David Stoen in honor of Mr. and Mrs. John Whittell who were recently married in Chicago. It is a part of the custom to entertain in games and entertainment to the guests. The guests were also treated to a delicious dinner. The guests were also treated to a delicious dinner. The guests were also treated to a delicious dinner.

Mr. and Mrs. Markham thought their friends for their kind

An enjoyable lunch ended a very pleasant evening.

Miss Jean Lockie spent the past weekend visiting in Edmonton.

Mr. and Mrs. Johnny Hennel and daughter, and Mrs. Dick and daughter Dilly motored to Lacombe on Saturday.

Mrs. Robt. Whitfield, Jr., Mrs. Pete Clark, Miss Hazel Shagan, and Mr. and Mrs. McPherson were also Lacombe visitors this week.

Mr. and Mrs. Les Pears and Mr. and Mrs. Les Visser and son are visiting Mrs. Pears, who has been ill for some time.

Mrs. Jennings returned home from the University hospital last Sunday and is getting along splendidly.

Cpl. Geo. Tompkins left for Calgary on Tuesday morning, where he will receive his discharge.

This A.A.A.

At the time of going to press the Alix Dealer team has checked up two more wins this week.

In the Alix-Forrester game Sunday night the local boys won a 2-1 victory in one of the fastest games played on Alix to the season.

Local Jennings 1, Patrick 2. At Alix, Alix again defeated Lacombe in a fast long passing game by a score of 2-0. Local Patrick 2, Huddaka 2. Local 3, Huddaka 1.

More games this week are listed at Alix. Wednesday afternoon and at Alix Thursday, Alix Seniors at Forrester Sunday night, Alix Juniors at Lacombe Sunday afternoon.

The support and interest of the people of Alix is splendid and good support encourages a good team.

Of all the senior games played this season only two have been lost.

We would like to see more show-up take advantage of the made Sunday afternoon over our P.A. system. Remember free skating every Sunday for many skaters and games to make up a party and come in. We want you here.

Say did you see Pop Walpole fall on his - in the other day, and that was very funny when Gordie hit the Mayor.

Next time there is a snow storm, come down and watch the local girls shovel snow, they show their spirit.

Annual Meeting Of The Village Of Alix

The annual meeting of the Electors of the Village of Alix will be held at the school on Friday, January 25th, at 8 p.m. This is your chance Mr. and Mrs. Hestrop to find out what your village administrator has been doing during the past year and to obtain the information necessary to offer constructive suggestions for future guidance of your Village Council.

Any community is either a good, bad or indifferent place to live, depending entirely on the amount of intelligent effort expended by its citizens.

The Village of Alix has the right kind people, the straight location and the resources to make it one of the best in Alberta, all that is needed is for everyone to best it along.

At 8 o'clock in this Annual Meeting and through your ideas and suggestions for making Alix a better place to live.

CORRESPONDENCE

The Editor Our Town Council and our local U.F.A. are to be commended in some of the recent Agricultural Short Course. It is, however, obvious that the appointment of a Council such as this is a burden that should not necessarily be imposed upon our Town Council but should be sponsored by a local Board of Trade and Agriculture.

There are quite a few projects that a Board of Trade and Agriculture could support to make our town a distinct better place to live in, and there seems to be enough enthusiasm for our home town to support such a movement.

Mr. Lacombe has agreed to take a list of the names of parties interested in forming such a group and if you will give your name to Les, whom enough name will be called and Board formed.

Support this project. CENTRAL ALBERTA DAIRY POOL, H. Peltzman, Manager.

K. Roy McLean, Optometrist and Optician, will be at Dr. Chown's office on Tuesday morning, Feb. 26th. Consult in my office 1015 Southern Building, Calgary.

Central Alberta Dairy Pool is again handling foreign coal for this district and it is commended all interested parties place their orders as soon as possible as some times of coal are in short supply.

Lacombe Dry Cleaners Guaranteed Work at Moderate Prices. Goods sent and returned Tuesday and Friday. Mrs. P. D. Clark, Municipal Bldg., Alix.

Who Vicks is So Good

For Relieving Hoarseness of Childrens Colds

After three months of intensive research, the Vicks Company has developed a new formula for Vicks VapoRub. This new formula is so good for children's colds that it has been recommended by the American Medical Association.

Price Control And Rationing Information

Q—We have been told by our neighbors that the rationing of food is going to be very strict. Is this true?

A—The rationing of food is going to be very strict. The government is going to control the supply of food and the amount of food that each person is allowed to have.

100 MILES per HOUR on FIRESTONE SYNTHETICS

Firestone Synthetic tires are the best tires on the market. They are made of synthetic rubber and are designed to last longer and perform better than natural rubber tires.

Post-War Youth

The youth of the post-war era is facing many challenges. They are growing up in a world that is changing rapidly and they are trying to find their place in it.

War Casualties

The war has caused the deaths of millions of people. The casualties are being counted and the families of the fallen are being supported.

AGRIAN PALIENEN HEADS ALIX BOARD OF TRADE & AGRICULTURE

Over forty enthusiastic citizens of Alix attended a meeting held on Monday night at the U. F. A. Hall to form a board of trade. The meeting was called to order by Mayor Mann, Mr. W. W. Jennings was elected chairman, while Mr. H. Orling acted as secretary. Mr. Jim Martin, a member of the Red Deer Board of Trade, was a guest speaker and gave an interesting and enlightening address on the work of a Board of Trade.

The meeting went on second as being in favor of forming an organization to be known as 'Alix Board of Trade and Agriculture'. Officers elected were: Norman Pallesen, President; H. Orling, Vice President; Len Johnson, Secretary; Treasurer.

The executive were instructed to prepare a temporary committee to draft by-laws and encourage membership.

The meeting was open for discussion and it was decided to call the members for Feb. 10th. Committees are to be set up at the next meeting. In closing, a vote of thanks was extended to Mr. Martin, Mr. Jennings and Mr. Orling for their assistance during the evening.

Royal Canadian Mounted Police

The reasons for the re-registration of revolvers and pistols is again drawn to the attention of Alix citizens by the small firm.

The prevalence of crime of violence in which pistols and revolvers are used cannot be ignored.

However, although reasonable belief has been given to enable the owners of these firearms to comply with the requirements of the Criminal Code to register them, many a citizen in possession of these pistols and revolvers may not be satisfied.

So that there can be no excuse for not obeying the law in this respect, nature of pistol and revolvers are now warned that on and after April 1st, 1946, persons found in possession of an unregistered pistol or revolver will be subject to prosecution under provisions of the Criminal Code of Canada.

Registration is a simple process. Just take your small arms, or the price of registration certificate if the firearm is new, or a receipt for the purchase of the firearm, to the nearest R.C.M.P. Detachment or City Police Division who will furnish you with the necessary registration certificate without cost.

Control Alberta Deer Pool is again handling furs for sale for this district and it is recommended all interested parties place their orders as soon as possible as some furs of good are in short supply.

GOOD QUALITY O.A.C. 21 BARLEY

Through conditions beyond our control of the Grain and Malting trades of Canada, barley of all grades has been reduced to a common basic level in respect of returns to producers. The National Barley Committee has received assurances that this arrangement is temporary and concerns only the 1945 crop. Hence when planning the crop production programme for 1946 it may be safely assumed that GOOD QUALITY O.A.C. 21 BARLEY will again command a ready outlet and a premium price for malting purposes both at home and abroad.

Alix Board of Trade and Agriculture

The first meeting of the Alix Board of Trade and Agriculture was held in the C.P.A. hall on Monday, Feb. 18th, with a good membership in attendance.

Up to the time of the meeting there were 52 paid up members. Considerable time was taken up in discussing the by-laws submitted by the executive, and at which no amendments were made. A permanent council was nominated consisting of R. Cornsack, C. Niswaga, U. Thorp, D. McLaughlin, E. Hotworth, K. McInnes, J. Hudson and J. Lymberry.

A number of the subjects were brought before the meeting, being highlighted by the question of a hospital for Alix and district. A hospital committee was appointed by the council to look into this matter, namely E. Jennings, R. Cornsack, C. Niswaga and J. Lymberry.

A financial membership and committee was formed with the following being chosen: L. Johnson, U. Thorp, E. McInnes and Mr. Richards.

Other committees are to be formed at the next meeting. It was announced by Mrs. Paul Jones that she will have as a guest speaker at the next meeting, our old agriculturalist Mr. Thorning and his subject will be "Soil".

Finally he will outline ways our Board can assist the department and our local farmers, thereby he will outline and explain services in the department has available for them.

Special invitation to all our former friends to attend our next meeting.

Full Value in Coupon Shopping

Consumers are entitled to full value for their coupons when purchasing, either on pre-verified ration tickets issued. For example, one might spend one coupon used to purchase preserves, 15 worth two 25 find some tin of canned fruit, or two 15 find some jars of jam. If the price is more than the value of the coupon, the consumer will suffer a loss of value. This is the reason why the government has issued a large number of coupons for the purchase of food and other necessities. The coupons are valid for the purchase of food and other necessities, and are valid for the purchase of food and other necessities.

TO FINANCE FARM OPERATIONS

LOANS are readily available at The Royal Bank
of Canada to any responsible farmer in need
of ready cash to finance farm operations. Such
loans are continually being made by this bank for
the purchase of seed and fertilizer, livestock, farm
equipment, breeder cattle, to meet seasonal labour
costs and for other productive purposes.

When you need cash to finance your farm operations,
make a practice of discussing your requirements
with the local Manager of The Royal Bank of
Canada. He will be glad to explain the simple
conditions under which such loans are made and
the convenient methods available to you for re-
payment.

Hospital For Alix

Under the sponsorship of the
Alix Board of Trade and Agriculture
petitions are now being
circulated asking for the establishment
of a municipal hospital at Alix.
Tentative plans are for a two-story
hospital to cost approximately
\$50,000, serving a population
of some 2,000. The suggested
site would be on roughly the old
Lacombe M. D. with the village of Alix
and Mirror and the hamlets of Mervin
Haynes and Toss.

This hospital would be a great
asset to this community the
benefits of which should be apparent
to all. In return for the
payment of a few extra mills
on the tax rate the rates payers
and families would be satisfied
in the greatest hospital of
the district. Also the maintenance
of such a hospital would be a
self insurance of covering
adequate medical services for
this district. In order to bring
the scheme to a vote the petition
now being circulated is required
to have the names of 25 out of
the rate payers in the proposed
area.

Get behind this proposition
early. Talk it up, and
back it up.

Jobs Follow Organization

But Employers and Workers Must Assist

During the war organization of manpower
was made possible through co-operation of
employers and workers.

This co-operation is no less necessary to
order in organizing the employment market
during the present critical period.

Some man-power controls will remain.
There are still law. They are aimed at assisting
in organizing the employment market.

Remaining controls are designed to help
employers and workers—and actually require
their assistance for their own benefit.

THEY ARE DESIGNED TO COMPLY WITH
THE FOUR CONTROLS WHICH REMAIN:

- 1-Employers MUST notify the National Employment Office of any need for new hires, or even
as but need to know.
- 2-When employers engage workers outside the
National Employment Service they MUST
notify the nearest N.E.O. Office within three
days of any new hires to be made under the
(Form NWS 212 is provided for this purpose).
- 3-Unemployed workers seeking employment
MUST register with the National Employment
Office if unemployed for over consecutive
days.
- 4-Generally speaking, any employer or em-
ployee MUST give seven days notice to terminate
employment. (Form NWS 113 is not required.)
Exception may be made in the second

The partners to industry—employers and
employees—should help the National Employment
Service to promote a high level of employment
by complying with its lead and rules.

Only with public support can an employment
service give full assistance to the community.

Made full use of the local Office of the National
Employment Service. It is there to serve your
needs, and those of the entire community.

A vast Research Program

Canada's part in the scientific advancement of the United States during the war has been acknowledged to be of outstanding importance. Through the efforts of the various departments of the Canadian government and of the National Research Council, under the direction of Dr. C. D. McKeown, formerly Dean of the Engineering College at Macdonald University, research was carried out on a wide range of subjects. As a result of this vast research program, valuable contributions were made to many branches of the United States war effort. Dr. H. H. Lusk, the president of Canadian Industries Limited, stated recently that he believed that the research was the most important of the war effort. The Allied nations were the war, in addition to their great fighting men and their great industrial resources, they had available with them no less than the brains of the country.

Hope To Make A Better Cannon

Seed Treatment Recommendations

Seed treatment is a very important factor in the success of a crop. It is the only method of protecting the seed from the most common and most dangerous seed-borne diseases. The treatment of seed is a very simple and easy operation, and it is one that every farmer should undertake. The treatment of seed is a very important factor in the success of a crop. Mr. and Mrs. G. Barker of Calgary and Mr. and Mrs. G. Barker of Calgary spent the weekend at the home of their parents.

TOPFER - RUSSELL

A very pretty wedding took place in the Alix Anglican Church on April 18th, at 1:30 p.m. when Miss Mary, eldest daughter of Mr. and Mrs. Robt. Russell, of Estevan, B.C., was united in the holy bonds of matrimony with the Rev. Dr. Russell of Estevan.

The bride entered the church in the arm of her brother, Mr. Norman Russell, while Mr. Smith played the wedding march.

The bride was charmingly attired in a beautiful white gown and carried a bouquet of pink Tulleman roses.

The groom was attended by Miss Pearl Topfer, sister of the groom, who was dressed in a beautiful gown of pink net over tulle and carried a bouquet of pink and white carnations.

The groom was attended by the bride's sister, Mr. Boy Russell.

During the signing of the register Mrs. C. M. Russell, sister of the groom, sang "I Love You Truly."

After the ceremony a delightful dinner was served in the dining room of the Alix Hotel.

A toast was proposed to the bride by the Rev. Dr. Russell and was responded to by the groom.

After the dinner the bride and groom left for Calgary where they spent the weekend.

The happy couple will reside in Alix.

Mr. Elder has returned home after a visit with her daughter, Mrs. Jackson at Pigeon Lake.

A Call to Action

addressed to All Members of the Church of England in Canada by THE MOST REVEREND DERWYN T. OWEN, D.D., D.C.L.

President of all Canada

NEVER has humanity been in greater need of the Christian Church than at this time. The Christian Church today is called to action.

To-day we give thanks for a spiritual victory over sin and death, to every Christian people. But these times must still be times of spiritual warfare. The only way to victory is in the Christian Church. At home and abroad, the Christian Church faces a common challenge.

That is why the Church of England in Canada is making an appeal to her people for rededication, and renewed and constructive action.

This movement seeks to make Anglicans more truly Christian; to strengthen the spiritual, educational and social work of the Church at home and abroad; to bring the Church of England in Canada into a closer relationship with the Christian Church in England; to bring the Church of England in Canada into a closer relationship with the Christian Church in England; to bring the Church of England in Canada into a closer relationship with the Christian Church in England.

The movement seeks to make Anglicans more truly Christian; to strengthen the spiritual, educational and social work of the Church at home and abroad; to bring the Church of England in Canada into a closer relationship with the Christian Church in England; to bring the Church of England in Canada into a closer relationship with the Christian Church in England; to bring the Church of England in Canada into a closer relationship with the Christian Church in England.

COURT OF REVISION

A court of revision was held in the Council Chamber on May 8th with A. H. Mann, Esq. J. J. Smith, and F. Graham present. L. Johnson the Assessor was also present.

The following appeals were dealt with by the Court:

The Albert Pacific Grain Co. Ltd. appealed on the grounds that their assessment was too high and that they were entitled to 50 p.c. depreciation.

Remarks: As reduction for depreciation was made when the independent assessment was made in March 1913 the Court declined to further reduction was justifiable. The Company was represented at the Court by their local agent.

The Alberta Lumber Co. Ltd. appealed through their local manager, Mr. Whitfield, that the assessment on their property was too high and that they were entitled to 50 p.c. depreciation.

Remarks: The Court granted the reduction asked for.

Mrs. Edith Martin appealed on the grounds that the assessment on her lot was too high compared with assessments on other lots in the same block.

Remarks: The Court declined to grant the appeal and asked the valuation of this lot at \$100 and also to adjust other lots in the same block to the same value.

Canadian National Bellway appealed on the grounds that the assessment on their property was too high and that they were entitled to 50 p.c. depreciation.

Remarks: The Court granted the reduction asked for.

Seeds are planted in rows on tuck or as sport about a month before the plants would normally be sown or set out. The seed is planted in a sunny outdoor, sheltered position and the seeds have germinated and the first set of leaves have developed. They are thinned to prevent heavy growth. As the weather gets warmer the plants should be hardened off by exposing gradually to sunnier air.

When taken to their sowing site early in the middle Ages.

The Alix Board Of Trade And Agriculture

The regular monthly meeting
of the Board of Trade and Agriculture
was held in the Department
of Veterans Affairs and took
place at 2:30 p.m. on Monday, May 14.

Several communications were
read from different committees.
Also Treasurer was present and
stated that he was interested
in starting up a dry cleaning
business.

It was suggested that he
should contact the Department
of Veterans Affairs and take
a short course through that De-
partment.

J. Jennings reported that the
signing of the petition in con-
nection with the hospital had been
completed and sent to the
Department.

Mr. W. H. Thomson, director of
Industrial Development was
the guest speaker and gave an
interesting talk on Industrial
Development. He stated that
industry had their eyes on Alix
and at the present time his
department was asking for a
survey of all towns and cities
in the province getting infor-
mation showing the suitability
of industry in the different parts
of the province.

Village Council

The regular monthly meet-
ing of the Village Council was
held on May 14, at the O.G.
Hall. Present: A. H. Mann, E. Jones
and J. H. Mann. The minutes
of the previous meeting were
read and adopted as read on
motion of E. Jones. The
Financial Statement was read
and accepted on motion of E.
J. Jones.

Correspondence: A letter
from D. McLaughlin, Esq., Gar-
bage collector was discussed
and on motion of E. Jones, that
the rates stated in letter be
accepted and that a test con-
tract for three months be
given to D. McLaughlin. Carried.
A letter from the Mayor
received from the municipal
district re. Heat Room on
motion of E. Jones, that E.
J. Jones and A. H. Mann be ap-
pointed a committee to see
plans and specifications and
costs of construction and up-
keep and submit same to the
municipal Council as soon as
possible. Carried.

The Secretary was instructed
to write the Alix Board of Trade
re. Stop Sign on intersection of
Main St. and Railway Avenue.
That this stop sign has already
been consented to by Council
but so far they have been un-
able to find anyone to do the
work and that the Secretary
has been instructed to place
sign on corner post at the Na-
tional Hotel until such time
as this work can be done. The Se-
cretary was also instructed to
write the Alix Board of Trade
that the Council is making
every effort to obtain the ad-
ditional lights as requested in
their letter.

Mr. Hospital, Mr. O. Wolfson
was appointed a committee
of one to interview the Alix
Council re. Having a vote taken
of them moving into the pro-
posed Hospital Unit.

The applications for purchase
of lots was tabled until next
meeting on motion of E. Jones.

The C.N.R. trains were de-
layed several hours on Monday
night and Tuesday when a fire-
plug train was derailed about
two miles north of Alix. No one
was hurt.

Mrs. Max Valt of Rimby and
Mrs. Emil Nelson of Detroit,
Michigan, spent a few days vi-
siting at the home of their bro-
ther, Mr. Fred McLaughlin.

Mrs. Eoryll of Red Deer was
a guest of Mrs. Andrews for
several days this week.

Red Deer were visiting Mr.
and Mrs. D. Stinson on Sunday.

A number of campers from
Lacombe have started on the
new double house built by Mr.
and Mrs. Art Eason, are hav-
ing erected on their farm south
of town.

Prompt action on the part of
the residents of the village of
Lyoness saved the North Grain
Elevator from being destroyed
when it took fire one day last
week. Some grain was destroy-
ed but the loss was not great.
The height of the fire was con-
siderable.

Miss Nora Fowler who at-
tended the Ode Architecture
behind this winter, has just had
word that she has won a 75-
cent scholarship for Home Econ-
omics.

ker, Dave Cornsack, Morris
Simmons and several boys from
Hirve attended the Young
Peoples Conference in Edmon-
ton on Sunday.

The Wives and Red Deer
Rotarians visited the Alix
Rotarians lodge on Monday even-
ing to attend the 15th Ann. of
the Assembly, Mrs. Daggett.
After the meeting a supper
dinner was served. Mrs. Paget
was the guest of Mrs. Toepfer
during her stay in Alix.

On Tuesday evening Mrs. H.
Jennings entertained at her
home in honor of the Wives of
the Assembly, Mrs. Daggett.
Dance—To Mr. and Mrs. Billings-
ley in the Lacombe Hospital, on
May 14.

Donny Fry and his popular
band entertained nearly
200 dance fans, coming from
the away points at Lacombe,
Poncha and Stettler. Modern
dance music was presented in a
pleasing manner in an unex-
pected crowd.

Three drivers by Mrs.
Jennings, Mrs. Warren, and
Mrs. E. P. Jones took the mem-
bers of the Alix Girl Guides
and Rangers to Red Deer on
Monday to attend the 15th An-
niversary of the Girl
and Scout World Chief Guide
The Guide and Ranger report
a splendid time. After the Rally
everyone was treated to free

CIVIC BEAUFICATION

Although it may not matter
to some of the residents of Alix
what outsiders think of our
town, it is not very nice to cover
ourselves in a law of trash
or even someone who has passed
through here. Oh, yes, I've
been through it. It is not a
very pretty place it is.
Alix could be the most beautiful
town in Central Alberta.
Among the many things which
could be done to improve its
appearance and lift its face,
our Knappe lots filled with
flowers in packages only costs
less or two cents and the grass
could be cut once a week.
Every one should take pride in
the appearance of their own
house, out buildings and yard.
Flowers are inexpensive and
it doesn't take much to plant
and care for them. Picket
fences and hedges help the general
appearance and a mowed
lawn, makes the difference.
Out buildings should be repaired
or painted, or if paint is not
available, make the difference.
Cover even the ugliest building
effectively. Gardens should not
be thrown in the ditch of the
public, and, as they are not
very hard to make, on a
parker road. Notely everyone
could have a garden, and
the garbage to be collected every
often by a garbage man.
Street corners should have a
refuge bus, and everyone can
have a garden.

The buildings in the back
alley of main street could be re-
gulated and painted some bright
color. Neon signs are not necessary
very but street lights could be
brighter and far more numerous.
A modern equipped waiting
room for the bus is a great improvement
and very useful for travel-
ers as well as our own population.
The school grounds should
have a fence or a hedge
of trees around it and the grass
mowed regularly.
The skating rink could be con-
verted into a tennis court.
Basket ball courts in the summer
time and the bands could be
located.

Streets could be boulevardized
with trees, hedges, bushes and
dead trees should be re-
moved.
Even though these improve-
ments cannot be made instantly
but street corners of materials
and man-power in a few years
Alix could be greatly improved.
With the shortage of materials
couldn't the local mechanics
make a reduction in price of
materials needed for the im-
provement and upkeep of our
town?

Use Rangelighting for
these could be organized to inspect
and report monthly on the im-
provements made.
All these small improve-
ments is a cleaner, more beautiful
and healthier town, and this
is a more contented and hap-
pier population.

HOMERICK

While sitting quietly in my chair,
My thoughts often do roam;
To a place I call my home.
I see again my friends on dear
Their greetings, on my mind,
In fancy I can see them all.
What thoughts are in my mind,
The little things on my mind,
I see it in my mind.
The service, oh, what comfort brings
With gentle healing touch.
No sorrow, oh, what I may return.
To that home I now wait.
For God knows best what's good for
And none but him can send.
Mrs. A. Patten.

You mean...
I Own a Beauty Parlor?

Yes, ma'am!... complete with everything needed to help
keep you young. Young in appearance, without the signs of
back-breaking work and long hours of household chores that need
to show on a woman's face... and hands. Young in spirit, too,
so that you really enjoy the pleasures of life... not only because
you are able to, but also because you have the time to do so.
No doubt you're guessed by now. Yes, I'm speaking of your
own home and the WORK-SAVING ELECTRIC ALLIANCE
It is — things your grandmother couldn't take advantage of be-
cause many of them didn't even exist then.
Naturally beauty parlor must have "operators", as they
are known to the trade, and you have the most efficient, hard-
working operator, who takes no holidays — not even Sundays,
that it's possible to get. Lightning-fast, ready the instant
wanted — any, I'm thinking, that's me I'm talking about.
Guess I'd better stop or you'll be feeling tired just from
thinking about all the hard work you have to do if you don't
have me. It's a horrible thought isn't it?

coming, says the Windsor Star, when
we shall be envying those three handy
gadgets, as we do every year.

The Ottawa Citizen says it is

LOOTHER WHEAT AGREEMENT
AT GLEN MAXIMUM!

A Canadian, from deep south
of London, called May 21st
before us on this high official of
the Canadian Wheat Pool, was
visiting Alberta here. He was
informed that the wheat farmers
here are willing to produce a
quantity which is not less than
the amount of wheat which the
pool has sold in 1943-44, and
which was 1,100,000 bushels.
The majority of our private
farmers, if for one small factor,
would never agree to such a pro-
position, for the farmers in such
a quantity to make a long
contract at a price of only 61¢.

The most of all the things for

Field Crops in Barley

Grassland

The National Barley Contest
Committee reminds contestants
who have already entered or
who may yet put in their entry,
that there are two important
dates to be watched this month
in connection with the contest.

The first is June 15. This is
the final date for receipt of
entries. Get the forms to the
chairman of the provincial
committee in the province in
which the crop will be grown.
The other date is June 30.
Each applicant on having made
his entry will receive an applica-
tion for field judging. This
form must be completed and
mailed to the chairman of the
provincial committee on or be-
fore June 25.

The fields will be judged by
field crop specialists of the
Plant Products Division of the
Dominion Government. Appli-
cations in two provinces in which
the field is located.

Some inquiries have been re-
solved by the Contest Commit-
tee; also details of the basis
upon which fields are to be
judged.

The score and provides for
100 points for the perfect field.
Eight considerations are listed
as the basis for judging. Here
they are with the number of
points allowed for each:

General neatness of field and
uniform standing; 10; freedom
from weeds; 30; freedom from
other grains; 10; uniformity
of stand; 10; amount of maturity;
10; apparent yield; 10; pro-
portion of variety; 10; freedom
from disease and insect pests; 10.

JUNE IS CENSUS MONTH
IN WESTERN CANADA

EVERY FIVE YEARS the Dominion Government sends forth a census
Canada — facts which, when they are sorted out, will answer many of the
important questions concerning population, agriculture, housing, etc.

To get these facts the Dominion Bureau of Statistics goes to the people
themselves. No one else can supply so accurately the information which will
guide all governments — Dominion, Provincial and Municipal — in policy-
making during the critical years ahead.

This year is Census year, and June is Census month.
A new and important feature will be collection of facts
on housing in cities and towns of over 3,000 population.

This 1946 Census is of special interest because it will provide the first
reliable picture of Post-War Canada. It is the Rejuvenation Census.

IT IS IMPORTANT TO YOU, AND YOU CAN HELP by answering all ques-
tions truthfully and correctly when the Official Enumerator calls at your home.
There is no reason to withhold information; the enumerator is sworn to security
and you can place absolute trust in him. Both he and the Dominion Bureau of
Statistics will hold information in strictest confidence; it can never be used
against you by any tax-collecting or other agency or in any court of law.

It is compulsory by law to answer the questions, but, more important, it is
good citizenship to reply . . . truthfully and accurately.

PADDLING POOL FOR ALIX CHILDREN

The Civic Committee of the Board of Trade and Agriculture are pleased to advise that the excavation of the paddling pool for the youngsters has been done. This is a site only and quite a lot of spade work has to be done before the excavation will be in shape to place the paddling pool and to permit of cement to finish off. Anyone having a cement mixer, a truck or a shovel or a shovel is earnestly requested to volunteer their services on that the community effort may be brought to a successful finish. If you are willing to help please give your name to Mr. Holsworth, Mr. Lamb, Mr. Klockner or Mr. Thorp. Those that cannot help in a physical manner can get behind the effort with a donation in cash. We expect that we shall have to raise \$100 to finish the project and everyone get their shoulders to the wheel and push, people!

A Record in Farm Loans

ONE OF OUR BRANCHES recently broke all records by making more loans under the Farm Improvement Loans Act than any other branch of any bank in Canada.

In ten months this single branch of the Royal Bank made 148 cash loans to farmers amounted over an amount of \$250,000 square miles of country.

Over 55% were made to borrowers with small assets of less than \$5,000.

These loans were made for a wide variety of purposes - to break, clear and break land - to purchase farm implements, to build such other buildings, to construct, add to and remodel buildings.

Would a Loan Help You?

If you would like a loan to help you to expand your farming business, or to improve your farm, or to build a new house, or to build a new barn, or to build a new shed, or to build a new garage, or to build a new driveway, or to build a new fence, or to build a new road, or to build a new bridge, or to build a new well, or to build a new pump, or to build a new tank, or to build a new silo, or to BUS LINES LIMITED

Sorenson Bus Lines Ltd. announce that the new Busses they have had promised the past three months will not arrive until August sometime, and in order to give the best service possible with limited equipment, they are setting their morning run east back until late in the evening and cancelling their connection to Calgary from Alix, by way of Erskine.
Passengers will still, however, be able to catch the Calgary Bus at the Junction 5 miles southeast of town.

Mirror News

Mr. J. Devereaux of Hanna was elected president of the Pharmaceutical association at the annual meeting of the druggists and allied trades organization in the MacDonald Hotel last Monday. Mr. Devereaux was chosen for a two year term, replacing Noel Farver of Calgary.

Mr. Devereaux spent a day last week visiting with his family on the way to Hanna.
Miss Kay Kay spent the past week and in Camrose.

Mrs. Devereaux spent last week and in Calgary, visiting with her daughter, Hennie.

Leslie Semlitsky and Clinton Chown were Calgary visitors during the last week.

Mrs. C. Deaulle left Monday to spend a few days at Red Deer, a guest of her sister Mrs. Mitchell.

Mr. and Mrs. T. Hinger are receiving congratulations on the birth of a baby daughter, in the Stettler hospital, on Wednesday June 17th.

Farm Dangers

The time has come for the farmer to heed the danger signs telling him of his peril in such big fires and work.

The year before last saw 320 people die before their deaths. Children and people in the prime of life fall victims to accidents that last week have been avoided. At least 10,000 accidents in the year caused farmers to lose time from work to spend money on medical and hospital care, and in many cases to shop for artificial limbs, arms and eyes.

The farmer must do so many things for himself that he made property he could have protected by: his truck, facing the danger of such big fires and work.

Mr. Devereaux spent last week and in Calgary, visiting with her daughter, Hennie.

Leslie Semlitsky and Clinton Chown were Calgary visitors during the last week.

A Message From The Minister Of Agriculture

I value this opportunity to
express my appreciation to the
farm people of Alberta, for their
magnificent contribution to
the cause for which this ses-
sion fought in the Second
World War. The contribution
was literally in blood, tears and
sweat, blood of the farm youth
who made the supreme sacrifice
for their loved ones, and
the sweat of those who remain-
ed on the farms to produce, un-
der many difficult, larger
quantities of agricultural pro-
ducts than ever before.

Although the war is over, the
need for food is even more
acute than ever. Agriculture
has a larger role than
ever before with its time hon-
ored and primary challenge of
feeding the world. That is the
task to which farm people must
dedicate themselves now, and
they will not fail.

Min. D. B. McMillin, Minister
of Agriculture, Government of
the Province of Alberta.

Light to heavy rain at most
places. Growth in good and crop
well looked. Wheat up 3 to 11
bushels and barley 3 to 10
bushels. General conditions good.

June 25, 1940. Raining at
most places in central and north-
western areas from 1 to 1 inch.
Condition of winter wheat is
generally fair and about all
sown. A few points report
good crops doing some dam-
age.

Those who mistake comfort
for civilization could so easily
accept civilization for comfort.

None desires would his des-
tiny.

A common mistake of the inexperienced gardener is to plant the seed too deep and too closely. A good general rule is never to plant deeper than three times the diameter of the seed. It is better to plant the seed a little shallowly—the eye can judge diameters close enough. This means sowing pea seeds in the soil, planting potato, beans and corn about an inch deep, but sowing beans and corn six to eight inches for potatoes, cabbages and glimsheds.

SCHEENKEL - KING

In an early afternoon ceremony in the Swedish Lutheran church on Monday the Rev. Miss Iris Anne King, daughter of Walter King and the late Mrs. King was united in marriage to Charles Scheenkel, son of Mr. and Mrs. E. Scheenkel, of Dugg. Rev. A. V. Vilman of Edmonton performed the ceremony.

Given in marriage by her father, the bride wore an antique long gown of pink sheath made with a lace bodice and bonnet. The bride wore a dress of light blue. A pink veil was held in place by a spray of yellow flowers. She carried a lovely bouquet of white and yellow flowers. Her only attendant was her mother's best friend.

Mrs. E. Scheenkel, the mother of the groom, was the mistress of honor and chose a dress of light blue gown. Miss Gloria, the sister of the bride, wore a dress of pale blue and the best man was Harry Scheenkel.

Mr. E. Scheenkel played the wedding march.

A wedding reception was held immediately after the ceremony followed by a wedding dinner served to forty-five guests in the Parlor Hall. The hall was tastefully decorated with pink and white, and the bride's table was covered by a blue cloth and flanked by vases of summer flowers.

The happy couple will be at home to their friends soon at the groom's farm near Dugg.

Guests from out of town were Mr. and Mrs. E. Scheenkel, Miss H. Scheenkel, Mr. and Mrs. D. Scheenkel, Mr. and Mrs. D. Scheenkel and Mr. D. Scheenkel all of Edmonton, Mr. and Mrs. D. Scheenkel and family of Warburg and Mr. and Mrs. Scheenkel of Edmonton.

Hospital District Set Up

The Alix Municipal Hospital District has now been approved by the Minister of Health and definitely set up. A vote will be taken on the 11th inst. after which all particulars relating to the mill rate, cost of building, cost of operation, etc. will be given to the ratepayers. A provisional board has been appointed which will meet shortly to arrange details. This board consists of W. B. Jennings, H. Hocht and J. Stann.

X-RAY MOBILE CLINIC COMING TO ALIX

The X Ray Unit will be available for clinic work on Saturday, July 23 - 24 and longer if necessary. Up to present time nearly 600 people from rural and outside points have been treated for the free X-Ray Clinic. The Village of Alix will be visited from house to house this week and it is hoped that at least 50 per cent of the people 12 years and over will sign for this free X-Ray.

Anyone from outside points who have not been canvassed are asked to send their names to any local business man.

Appointment cards will be sent forthwith and date of their appointment.

Be sure that you sign your name at the end of this report.

This clinic is sponsored by the Alix Board of Trade & Agriculture.
Mr. and Mrs. Fred Howard and Mr. and Mrs. Wayne Davidson, who have been visiting Mrs. Howard's sister, Mrs. H. Hocht, and her parents, Mr. and Mrs. Wheeler, of Mirror, left Wednesday to return to their home in Bremerton, Washington.

Mr. and Mrs. Claude Bee, and daughters of Edmonton spent the holiday week-end visiting Mr. and Mrs. R. Stump.

U.F.W.A. ACTIVITIES

The annual U. F. W. A. Flower Show will be held in the hall on Saturday August 17th, with much the same set up as usual. Prize list and further particulars will be announced later.

On July 26th the members of the U. F. W. A. and F. W. A. and their friends are holding a picnic and field day at the Leconte Experimental Farm. Members of the staff have kindly consented to show the visitors over the plots and the horses and an interesting day is assured. It is planned to leave Alix at 11 a.m. and everybody bringing lunch, and invitation is most heartily extended to all the many friends of the organization, especially those who helped to supply the livestock and their donations the day of the Country meeting.

The next regular meeting of the U. F. W. A. will be held Saturday July 27th, instead of the regular date of August.

The Question of Immigration

CANADA'S FUTURE POINT is regarded in immigration is a subject that is of considerable interest at the present time, both to Canadians and to people of other lands who are interested in the possibilities of immigration to this country. The people of Canada have many divergent views on this subject, but it is generally agreed that no solution should be formulated until the present business and employment problems have been satisfactorily solved, and all veterans and war veterans have been established. In the past, immigration played an important part in Canada's development. Between the years 1881 and 1951 nearly seven million immigrants were admitted to this country. The peak year was 1953, when 16,679 persons came from other lands. All these people did not make permanent homes here, but the majority of them did stay here and they have had an important part in the industrial and cultural growth of the country.

Many Wish To Leave Europe

Equalization of Education

THE NEED FOR THE EQUALIZATION of educational opportunities is frequently brought to the attention of the public and there are not many who do not recognize the importance of this problem. There is no more important than the equality of educational opportunities for all children who are in the tertiary period of their education. It is to be true that for the most part there is a marked difference in the city schools and those situated in rural areas. In certain cases such as those in which we are living today, the leadership in all lines of endeavor has been clearly demonstrated. Canada will continue to need leadership and the services of leaders with training and ability in the years to come. Ability is not confined to one section of the country or of the population, yet there are not equal physical facilities throughout the country.

Finances Are An Obstacle

The question of education was discussed recently in the Canadian House of Commons, and at that time it was pointed out that in this, as in many other countries, the main obstacle to the equalization of educational opportunities is the present unavailability for each child between the ages of six and nine years were given, and there remained the highest per capita cost for education in the province of Ontario, where the rate is \$484.70 each year. The lowest expenditures for this purpose in the Province of Alberta are \$112.00, and in Saskatchewan \$120.00, in Alberta \$204.00 and in British Columbia \$484.00. The average for the whole of Canada is calculated to be \$222.00 per child.

The reason for the discrepancy in the expenditures of the various provinces is the fact that the rate of taxation is not uniform throughout the country. The present unavailability of education in all parts of the country is a result of the fact that the rate of taxation is not uniform throughout the country. The present unavailability of education in all parts of the country is a result of the fact that the rate of taxation is not uniform throughout the country.

TREATED WOOD — TRIP, E. LIFE
Wood has most of the qualities desired in the perfect
material for posts, poles, or building. Untreated —
it lacks permanence. It deteriorates from two main
causes: fungus growth and insect attack, or rot and
termite damage. These can be prevented by treating

Price Control And Rationing Information

Q My husband was discharged from the service some time ago when he applied for the ration book the other day it only contained coupons for the date on which he applied for the book. Why should he not get coupons from the date of his discharge?

A—Your husband could have called for the book immediately after his discharge and it would have contained all the coupons from that date on. It is assumed that the coupons are for a ration book which was issued to him before he was discharged. It is possible that the coupons were issued to him before he was discharged.

Q—Will it be necessary for me to take my ration book when I go back to work?

A—Any coupon staying for two weeks or more at a moment's notice, take the ration book and coupons to work. The coupons will be valid for the two weeks or more at a moment's notice.

Q—Is there a rationing plan for the future?

A—There is no rationing plan for the future. The rationing plan for the future is not known.

Flower Show

A magnificent display of 1. Dr. Warner dahlias grown by Mrs. M. V. Schenck, which were the first prize, and a lovely turn-out of youth and beauty in persons of 15 showing Little Flower Girls, and 11 star-wart young Vegetable Boys were outstanding features of the flower show held in the P.A. Hall Saturday. The flowers were lovely, and the owners were lovely, and the weather was lovely, and the show was a great success. The appointment of Auditor for 1946 and the Secretary having sent a reply to a letter from Robertson, Anderson & Co., Ltd. that they would send the books of the Village and taking into their charge would not be over 60.00 and not over 100.00 dollars. The Secretary was instructed to write the above, stating that the Council will engage them to audit the books providing they are able to do so for the year 1946.

A deputation from the U. F. W. A., Mrs. C. Stone and Mrs. E. Prins attended its meeting to ask the Council if they intended to carry on the same arrangement for renting the hall for 1945 at the same rate as for 1944 namely 25.00 per year. Mr. D. H. Bennett the meeting to ask if a street light could be installed at the corner of Wood Avenue and Hilda Street. It was agreed by the Council that the light should be installed at the corner of the Colquhoun Power Co., and be intended to come and install the light promised. The Secretary was instructed to write the Calgary Power Co. to ask for quick action in installing the light promised.

The following accounts were passed for payment: Port Medical Hospital 15.00 Alix Gen. Hospital 1108.47 Calgary Power Co. Ltd. 100.00 Dr. Chown 6.00 Dept. Public Health 69.97 Men. Dis. of Locomotion 67.00 Blue Berry 40.00 U. G. Marygrove 40.00 Child Welfare Dept. 300.00

The annual Alix United Church congregation and Sunday school picnic will be held at the Fair Grounds on Wednesday, August 28th at 10.00 AM. All those needing transportation are asked to meet at 9 o'clock at Roberts's store. Please bring your own cars and take or send a car.

Village Council

The regular monthly meeting of the Village Council was held on August 14th, 1946 in the Council Chamber. Present: Mayor R. A. Mann and Mr. E. Prins. The minutes of the previous meeting and financial statements were read and approved on motion of P. Graham.

Business arising out of session. The appointment of Auditor for 1946 and the Secretary having sent a reply to a letter from Robertson, Anderson & Co., Ltd. that they would send the books of the Village and taking into their charge would not be over 60.00 and not over 100.00 dollars. We have a complete list of machines
available for sale in the listings
of the Land Act.

Mr. and Mrs. Philip Wolfson
and Doran of Ramsey spent
Sunday at the home of Mr. and
Mrs. St. R. Sanderson.

Miss Joan Sanderson left
Monday for Ramsey to attend
a school there.

Miss E. Bliss and Mrs. O.
Gunn spent Thursday at Battle-
ford. Mrs. James Docherty and
son, E. R. Docherty, spent
Sunday at home.

Mr. and Mrs. Wheeler of Mir-
ror were visitors in Alix on
Sunday.

Miss Connie Mattis and Eldon
Mattis of Calgary are visiting
in Alix.

Mr. Bisset and grand daughter
Margaret Hunter of Red
Deer, visited friends in Alix and
district on Sunday.

Mrs. Warren and daughter
Patricia visited friends in Oils
on Sunday.

Miss Joan Connelton returned
on Monday, from Winnipeg
where she has been visiting her
sister.

Mr. Woodward and Bob
spent last week visiting at
Rocky Mountain House.

Mr. H. N. McKay and child-
ren Bobby, Billy and Carol of
Calgary are visiting at the
home of Mrs. McKay's father,
Mr. Bob Docherty.

The regular meeting of the
Women's Institute will be held
at the home of L. E. Thomas
on September 8th, at 2:30 p.m.
Visitors are welcome. Put
lock lunch.

A number of our local flower
enthusiasts journeyed to Battle-
ford on Saturday to take in the
Flower Show, and discovered
that the old home town is still
very much on the map as re-
gards flower growing. Mrs. J.
V. Docherty being an exceedingly
successful grower, let in
the neighboring show, let in Zina-
as, let in wedding daisies and let
for the children in the show.
Congratulations!

The Rattle Committee was
much interested in the local en-
tries and expressed their im-
pression of coming to visit
next year and helping to swell
the numbers. No matter any
one shall be delighted to see them.

Mr. Olatte and Elsie were
Red Deer visitors on Tuesday.
Mr. and Mrs. Len Johnson
and family spent the past week
in Calgary.

The United Church Sunday
School will convene on Sunday,
September 29th, at 12:15 p.m.

Farmers wishing to get their
cattle and horses up and to get
in touch with Len Johnson,
who has been appointed to look
after the purchase of these live
rangers in this locality.

Mr. Don McLeod took a
truck load of cattle to Calgary
on Tuesday.

Except for barley, very little
cattle has been done, but will
be general in 4 to 10 days. Av-
erage wheat yields from 18 to
25 bushels.

Weather last week was ideal
for harvesting, and good pro-
gress was made but rain over
the weekend will cause some
delay.

Mr. John Jackson, a business-
man trip to Edmonton this week to
look after the equipment for the
bakery, which is being shipped
from Houston.

Miss Mervin Leach returned
to Haywards, B.C., on Tuesday
morning after spending the
holiday at home of her mother,
Mrs. Leach. Mrs. Leach ac-
companied her to Calgary.

Mr. and Mrs. John Hessel
returned to Lacombe and Red
Deer on Monday.

Mr. and Mrs. G.F. Tompe vi-
sited at the home of their daugh-
ter, Mrs. Paul Stoll in Mir-
ror this week.

Mr. and Mrs. Leo Olson and
son and Marvin Pears of Ed-
monton were Alix visitors this
week.

Mr. Jim Anderson of Edmon-
ton, was a guest at the home of
Mr. and Mrs. John Hessel over
the week end.

Mobile Unit Survey

The following are the results
of the Mobile Unit Survey held
in Alix, July 22, 1930.

Number Krayed 54; num-
ber of 11; number of 11; num-
ber of 11.

Interpretation: Abnormal
Mc, serious 310 Total 310.
Abnormalities: Pulmonary to
seriously probably arrive 3
Pulmonary tuberculosis, prob-
ably inactive 2, (it previously
in record). Further examina-
tion required 10. Fluorisy in-
spector 8. Non tuberculous con-
ditions 11, Total 31.

The Committee views the fact
that it is necessary for people
who have been advised to have
further examination to follow
the suggestion. The diagnoses
are only tentative and are based
on only upon the appearance of
the small film without the
supporting evidence of phys-
ical examinations or case his-
tories. In many cases, further
examination is required before
definite diagnosis may be es-
tablished.

For small letters have been
written to people whose films
were considered abnormal and
suggestions have been sent to their
family.

The thanks of the Committee
are extended to all those who
gave their help in organizing

PICNIC A SUCCESS

The United Church Sunday
School picnic was held at the
fair grounds on Wednesday
22nd, with a very nice at-
tendance. The picnic was en-
tertained by playing games and
reading the school's bare and
ice cream. There was also
a race.

and Vicky Bell tied for 1st;
Shirley Johnson 2nd, Bobby
Hunter and Ronnie House tied
for 1st.

6 years and under: Sandra
Wilson tied Darlene Witten and
Ralph Holmstrom tied; Larry
Wilson 2nd.

17 years and under: Pat
Warren 1st.

While lunch was being pre-
pared the children played a
game of leap frog.

A lunch of sandwiches, cook-
ies and grape drink was served
for the children and coffee for
the adults.

A very nice time was had by
all and we want to thank all
those who helped to make it a
success.

RECONSTRUCTION OF HIGHWAY FROM ALIX TO STETTLER STARTED

Construction of the main
highway from Alix to Stettler
has been started and the first
W. A. Fallow, minister of public
works, has announced that the
estimated cost will be
\$100,000.

Contract for the work has
been awarded to the Dominion
Construction company of Ed-
monton.

The project covers a distance
of 22 miles and plans provide
for much of the road being re-
laid. The present highway
has been in need of repairs for
some time.

Mr. Fallow said some heavy
construction is involved along
the route of the new road, but
it is expected that the new pro-
ject will be completed this fall.
Traveling operations will fall
low the grading just as rapidly
as the work is ready for this
type of construction.

YOUNG MOTHER PASSES AWAY IN HOSPITAL

Citizens of the village of Alix
and the surrounding district
were grieved to learn that Mrs.
Robert Strach had passed away
in the Lacombe hospital about
12:30 p.m. on Sunday, September
13th, following the birth,
around noon, of an eight pound
son. She was 23 years of age.

The sympathy of the entire
community is extended at this
time, to the bereaved husband,
and surviving members of the
family.

Funeral services were
conducted on Friday morning,
September 18th, at 10:30 o'clock
from the Catholic Church
by Rev. Father Battle officiating.

CARD OF THANKS

I wish to extend my sincere
thanks to my many friends for
their kind expressions of sym-
pathy during my recent be-
reavement.

TREATED WOOD TRIPLE LIFE

Part of today's building material shortage could have
been avoided. Repairs and replacements costing mil-
lions of dollars would not be needed now, if wood used
in buildings had been protected against rot and
insect attack.

NO-D-K used in preventing wood can check this loss. It penetr-
ates the wood, protecting it against termites and
guarding it against common rot.

The Minister of Finance announces A NEW BOND ISSUE FOR PEACETIME SAVINGS

Canadians are thrifty people. Their record in war financing will stand for many years to come.

Through six years, millions saved and invested in Victory Bonds and War Savings Certificates in a way so one thought possible. Many thousands learned the convenience of regular, systematic saving, whether in small monthly amounts or by larger cash investment. As a result they have accumulated substantial personal reserves with all that means in increased future security and satisfaction.

Because suggestions and requests have come to us from all parts of the country that facilities for this kind of saving be continued in peacetime, the Canada Savings Bond has been created.

The issue of War Savings Certificates and Stamps to the general public will be discontinued on September 30th, and final instalments on the last Victory Bond issue will have been completed in the near future. Canada Savings Bonds, therefore, will provide an opportune means for citizens to carry on their regular savings habits without interruption.

The general public should note that this time there will be fewer salesmen than in the case of Victory Bonds. Although the new Canada Savings Bonds will be sold through banks, authorized investment dealers, stock brokers and trust or loan companies, these agencies will not be able to approach every individual Canadian. This means that for the most part it will be left to Canadians to assume the responsibility for their own purchases of Canada Savings Bonds. If they wish to grasp this opportunity, they should act for themselves without delay.

Canada Savings Bonds are designed to be the finest investment available to the public today. I recommend them to you as a safe, profitable and convenient investment for personal savings.

I now announce the terms of the new Canada Savings Bonds, which will be offered commencing October 15th.

M. Mulley
MINISTER OF FINANCE

... Features of the new Canada Savings Bonds

Harvest has been delayed in many parts of the province by unsettled weather. As a result, farmers in many sections are now anxious to start threshing. Warning: Beware of the Field Crop Branch to excesses in threshing to avoid losses from thrashing damp grain. It is much easier to deal with damp shocks or stacks than with damp grain in the bin.

THE FARM
The *Canadian Farm* system in Canada, and in observation of the paleontological findings have come from all parts of the country to the work which has been carried on in the interests of agriculture for over half a century. When the system was inaugurated in 1888, the position of Canadian agriculture was far from prosperous. The great wheat-growing areas of the West had not yet been developed, sixty thousand acres in the Red River Valley being the only wheat crop grown in the West at that time. It was the wheat of Canada that was the mainstay of the country's agriculture, not only with its millions of acres today. Experts of wheat in 1888 accounted for 2,500,000 bushels, nearly all of that having from Ontario, while we now export nearly 200,000,000 bushels, mostly from the Prairie provinces.

Tradition Has Been Upheld

has been carried on, and the Experimental Farms continue to make a valuable contribution to the progress of agriculture in all parts of the country. The importance of the work of these stations has been proven many times, and the Experimental Farms help to keep before the farmers the most up-to-date knowledge on methods of dealing with plant and animal diseases, new breeds of livestock, and the latest information on soil conditions, fertilizers, and other matters related to farm work. Plans are now under way to further expand the work of the Experimental Farms throughout the Prairie Provinces, in connection with setting up the new stations at Regina, Saskatoon, and Winnipeg.

This service, inaugurated sixty years ago, has indeed been of great value both to agriculture and to the country as a whole. In the words of Dr. E. R. Archibald, superintendent of the Dominion Experimental Farms, "it is a privilege to promote agriculture that can be as prosperous under communism."

HOME FROM GERMANY — A "war-wear" visit" that stretched into seven years is the experience of Mrs. Mrs. Jurgens of Kitchener, Ont. In 1939 Mrs. Jurgens went to Germany to attend her daughter's funeral. Outbreak of war caught her in Hamburg, and she spent the entire war there. Homes around her were bombed out of existence and her own home hit. Glad to be home again after the privations of war in Europe, Mrs. Jurgens says happily: "Canada seems too good to be true." She declares that Canadian soldiers have proved the most popular occupation troops in Germany.

The Country
Increased immigration is necessary
cause it is obvious that 12,000,000
persons cannot continue indefinitely to
live, develop and defend a country as
large and as rich as Canada.
Increased immigration means also
that the domestic market is enlarged
and that is important in view of the
fact that our improvements being made
industrially and agriculturally in the
near future.
The 4,000 Polish farm workers now
being admitted will be the first com-

Medical Courses	Oursure of War
Many Young People in B.C. Would Study Medicine There are at present about 150 young people in the Columbia ready and eager to enter upon medical courses. If a medical faculty is not started at Prince Rupert within a reasonable period, most of these young people—who in their returned servicemen—will be studying medicine. They cannot be accommodated in hospitals there, there is no other college there. The "North Star," the 66-passenger transport capable of flying 3,500 miles an hour with a maximum cruising speed of 332 miles an hour and an altitude limit of 50,000 feet, may be taken as a sample of things to come.

To the accepted abilities of Canadians to operate in the air have been added the demonstrated capabilities of the Dominion's production forces to make the up-to-date planes in which they work fly. It is encouraging to see such evidence of this country's determination to keep pace with the rapid advances of the age, both in building aircraft and in flying them.

CAN WE PREVENT FAMINE?

That is the heading of an article by Sir Arthur Butler in an issue of "Picture Post" London, England, just sent to us—dated May 1946.

As an authority (Sir Arthur Butler was deputy-director of U.N.R.R. 1943-44) he goes on to point out that real famine which may bring starvation to millions now, there is a large part of Europe, India and the Far East.

As a unit of measurement approved to every individual the daily consumption of calories is 2,400.

A summary of the short accounts appearing in the article, from the estimate of the various peoples at that date. Figures show average daily consumption in calories: 1,800 means severe shortage, 1,000 means total starvation.

As these show figures were quoted (in May 1944) there was great hope that crops in the U.S.A., Canada, etc., could be supplied to the British. But great difficulties are being experienced from many angles, not the least of which are transport problems and the countries which need the most help.

Even England is raining bread and cereal grains now. The weather rains failed in the West, and so millions of mouths no rice which is the food of millions.

"Can we prevent famine for the

poor undertaker who did not wait to see that story. He said he was the victim by the million service-men.

NEW SOCIETY LEAGUE.

CALCANY.—The Kootenay Hockey League is no more, but a new circuit called the Western International Hockey League, will be formed, with Ste. Anne, Trail, Nelson, Kimberley, Spokane and Los Angeles. This announcement was made by Red Hager, manager of the Los Angeles Ramblers, who is to leave looking for hockey players in the West and the new league opens Oct. 30.

Left. Steve made a mental note of the case if it ever came up. And about a month ago the two men believed reports he was, if not out, at least on the way. They pulled their first job. "Turned the 'Black Hood' by the local press, because of their disputation," the pair had embraced the entire city. The star police hadn't a single clue. Steve pointed to the phone rang in the house. "I'll call the Turner, over at the East End Greengrocers." Say, that new cop you saw in the car? "That's right." "What's your trouble?" "That cop's name. He takes a notion to make a habit of it."

Steve suggested a coffee. "Don't," Turner said. "I have him arrested now." "You're the boss," Murphy said. "I'm feeding the birds."
Two minutes later, Dr. Kittering, the county coroner, barged in. His shoes were off, and he was shaking a stubby fingered at Steve. "That rookie you hired is absolutely stupid. He's got a 220 on his chest. He's better than that!" The most important fact of the...

Steve shook his head. "You look like it," he grumbled. "It's not healthy to have these, and it's not fair to have us take on aren't grade A by any means."

"You can't say that again!"

"When the rookie probationer came in of the best that afternoon, Steve ran in history. He came in history. Steve said sharply, "You'd have to bring up a bit, Mark. Learn to be a professional."

"But they broke the law, sir?" the rookie barked.

"Technically—yes," Steve told him. "In the light of everyday common sense—no!"

Steve dominated the routine, said his lead detective and called it a day.

A week later Commissioner Dundy strode into Steve's office. "The hold-up last night. The Black Woods again."

Steve remained silent.

"The last case I've from the mayor's office," Dundy went on. "You give your crew to pick them these up."

BRITISH INFANTRY TRAINING WITH LIVE AMMUNITION

DR. J. J. GRANTY,
Edmonton, Alberta

Crop Improvement Association

The Manitoba, Saskatchewan, and Alberta Crop Improvement Associations were organized to serve as a permanent marketing agency for the growers of Registered and Certified seed.

In such provinces they are concerned and directed to officials of seed growers' organizations, provincial, Dominion and Provincial governments, and grain companies.

Object: The main object of these Associations is to facilitate the sale of Registered and Certified seed of farm crops. This is accomplished by: (1) Establishing a fair and reasonable price to the grower and purchaser, (2) Insuring the growers of every variety against loss of seed, (3) Insuring a wider demand for good seed, (4) Lending and marketing adequate seed stocks to meet the demand, (5) Insuring the necessary seed supply for the growers of such crops.

Advantages: Crop Improvement Associations is a simple and direct service. They buy and sell seed but simply serve as a medium through which seed is moved from the seed grower to farmer through the elevator agent.

All the farmer has to do is to place his order with the Elevator Agent and with his land owner against whom it is to be paid. The seed is then delivered to the provincial warehouse.

The seed is then delivered to the seed grower who is the elevator agent for the seed to the farmer. This service is provided by elevator companies and provincial Departments of Agriculture at their own expense.

Land Elevator agents at all three provinces are fully authorized to accept orders for seed from the grower and to deliver the seed to the farmer.

The demand for Registered and Certified seed of farm crops, and the possibility of some of the newer varieties, is to be felt in the year.

Consequently, Land Elevator agents risk a valuable service in their former contact by encouraging them to place their orders as early as possible. Order Registered and Certified seed now.

Government deposit comes in this street every year. The picture, for instance, is one of the many that the Veterans are in having collected during the past year. Other similar scenes from the past are shown in the picture. It is a very good picture of the street scene in the past.

AN EXTRA cheque every second
You may receive Government cheques. You can cash them without charge at any branch of your chartered bank in Canada. In one year some thirty-million cheques were issued for Family Allowances, the Armed Forces, their dependents, Pensioners, employees of Crown Companies and the like. More than one for every second of the day and night!

Can you imagine the expense to taxpayers if this money had to be distributed in cash through thousands of special pay offices, and the inconvenience of having to go to such offices to get your money?

Taken in stride
Your bank performed many such public services throughout the war and is continuing to do so. It is taking these additional tasks in stride - no comment to play its part in meeting Canada's needs of the future.

Time Extended To
File Forms

The National Barley Control Committee on October 21st decided to extend the time within which farmers may file their applications for judging their barley.

Each contestant has already received an application for grain judging. The form is triplicate. The top half is to be used by contestants who ship their grain. The bottom half is to be used by contestants holding their barley on the farm for seed.

If a contestant is shipping his barley, the time within which applications for judging must be completed and received has been extended to November 14th. The old date was November 11th.

If the grain is being held on the farm for seed the time within which the application forms must be mailed has been extended to November 20th. The old date was November 17th.

If any contestant has not received an application form, please notify the contest committee immediately and the form will be forwarded.

Please note the new dates, November 20th and December 14th. Send the completed forms to the Chairman of the National Barley Control Committee, 222 Great Northern, Winnipeg, Manitoba.

Alix Board of Trade and Agriculture

The next meeting of the Alix Board of Trade and Agriculture will be held in the U.F.A. hall on Monday, Nov. 24th at 7 p.m. which will be a dinner meeting. Mr. L. H. Stewart, President of the Canadian Chamber of Commerce will be our guest speaker. R. Stoworth is in charge of the dinner tickets which are 75c with the dinner being served by the Alix Ladies Aid. All members are asked to make a special effort to attend this meeting. There will be some tickets available to non members who will be most welcome.

A.Y.P.A. NOTES

The last meeting of the A.Y.P.A. was held on Thursday, Oct. 21st, this being the annual meeting. The principal order of business was the election of officers for the coming year. The following officers were elected: President, Gloria Roberts; Vice President, Marion Stoworth; Secretary, Shirley Blair; Treasurer, Gessie Macdonald; Publicity Secretary, Owen Jennings; Group Leaders, Don McKinnon, Linda Marshall and Ed Solis.

The installation of officers took place at a very lovely service conducted by the Rev. Standish in the Anglican Church on Sunday, October 27th.

Following an invitation from Stettler & Y.P.A., a number of the local reporters journeyed to Stettler on Monday night and were royally entertained by the Stettler group. Cars were driven by Gessie Macdonald, Johnny Holworth, Don McKinnon and Owen Jennings.

The evening was spent in games and dancing and, combined with a very delicious meal.

There were no casualties or at least no reported ones.

It is suggested that all members get in and pitch to make our club a real success this year.

Alix Feed Mill

I have taken over the Feed Mill from Mr. J. A. Marshall and will be on hand at all times to do your grain cleaning.

FINE DEVICE OF CITY MAN IS ACCLAIMED

Provincial Fire Commissioners are examining the invention of a device of a city man who has perfected a device for preventing fires in the home.

It is a tiny instrument, not as wide as a 12 inch ruler, telephonically driven by a battery which operates a warning bell when there is an excessive rise in temperature.

According to McRae the switch can be set up in any room in the house, falls are placed in the sleeping rooms to arouse the family in case of outbreak of fire.

This device is now being marketed by the inventor.

Family Allowances

Those in receipt of family Allowance cheques are reminded by the Welfare Branch of the Department of National Health and Welfare, Ottawa, that all change of residence, increase in the family, etc., should be reported promptly. Address for correspondence concerning these matters is: Regional Director of Family Allowances at the provincial Capital.

BRITISH VIRM MANUFACTURES NEW GRINDING MILL

Among the many new machines designed for the farmer in Britain and overseas is a grinding mill developed by a British firm. The mill, which is made of light alloy, is low and a quarter feet high and weighs 200 pounds. It is driven by a 12 horse power motor petrol or electric motors can be supplied with it. It can grind any grain, and any type of rough or clean, or, however, either individually or in combination. It can also be used to break down lime or fertilizer.

Price Control And Rationing Information

—May I get extra rations for
meat served to household help?

—If your harvest plot is phasing
out, may I use the extra meat for
meat on playing for more than two
weeks? May I get extra meat for
meat on playing for more than two
weeks? May I get extra meat for
meat on playing for more than two
weeks?

Q—When will the extra three dollars-preservers coupons be declared valid?

A—The rules for this year to cover the balance of the three additional dollars of sugar for the year were validated in September and December. The extra three dollars-preservers coupons will be declared valid because valid. The other one will be declared valid around December.

 "I am pleased to say that we will be able to
 obtain a new book until after Sep-
 tember 31. The books will be issued
 by the publisher in the United States
 for a few selected local ration book-
 ers. After October 15 only the branches
 of the publisher will be able to ob-
 tain new books. All applications
 received by the local ration book-
 ers will be forwarded to the War

Warm Soles have long been considered by heating engineers as one of the most important factors in keeping the home comfortably heated. They will, however, be heated by the "Trogenen and the" of a French secret submarine engine centers which recovers heat a ship's waste heat and converts it into fuel heat it can be saved, now in negotiations for the Admiralty to purchase them they will be able to give millions of tons of shipping fuel, millions of dollars worth of cargo.

The "heat exchanger" design of the new boiler permits circulation of an extra large volume of warm air to the warm-up air plenum of the warmed air plenum-warm-up radiant heat that is stored in the boiler and convects cold air to a room. This old boiler is able to provide a complete circulation of warm air all the way to the living room.

Figure 1: A 10x10 grid showing the distribution of 100 plant species across 100 plots. The grid is divided into four quadrants. The top-left quadrant (plots 1-25) shows a high density of species, with many plots containing multiple species. The top-right quadrant (plots 26-50) shows a lower density, with many plots containing only one species. The bottom-left quadrant (plots 51-75) shows a moderate density, with many plots containing two or three species. The bottom-right quadrant (plots 76-100) shows a low density, with many plots containing only one species. The species are represented by different symbols: solid black squares, open squares, and circles. The symbols are distributed across the grid, with some species appearing in multiple plots. The symbols are: 11 (solid black square), 12 (open square), 13 (solid black square), 14 (open square), 15 (solid black square), 16 (open square), 17 (solid black square), 18 (open square), 19 (solid black square), 20 (open square), 21 (solid black square), 22 (open square), 23 (solid black square), 24 (open square), 25 (solid black square), 26 (open square), 27 (solid black square), 28 (open square), 29 (solid black square), 30 (open square), 31 (solid black square), 32 (open square), 33 (solid black square), 34 (open square), 35 (solid black square), 36 (open square), 37 (solid black square), 38 (open square), 39 (solid black square), 40 (open square), 41 (solid black square), 42 (open square), 43 (solid black square), 44 (open square), 45 (solid black square), 46 (open square), 47 (solid black square), 48 (open square), 49 (solid black square), 50 (open square), 51 (solid black square), 52 (open square), 53 (solid black square), 54 (open square), 55 (solid black square), 56 (open square), 57 (solid black square), 58 (open square), 59 (solid black square), 60 (open square), 61 (solid black square), 62 (open square), 63 (solid black square), 64 (open square), 65 (solid black square), 66 (open square), 67 (solid black square), 68 (open square), 69 (solid black square), 70 (open square), 71 (solid black square), 72 (open square), 73 (solid black square), 74 (open square), 75 (solid black square), 76 (open square), 77 (solid black square), 78 (open square), 79 (solid black square), 80 (open square), 81 (solid black square), 82 (open square), 83 (solid black square), 84 (open square), 85 (solid black square), 86 (open square), 87 (solid black square), 88 (open square), 89 (solid black square), 90 (open square), 91 (solid black square), 92 (open square), 93 (solid black square), 94 (open square), 95 (solid black square), 96 (open square), 97 (solid black square), 98 (open square), 99 (solid black square), 100 (open square).

WINNEPESHA—Irving DeWitt died in hospital from injuries
sustained a short time earlier when
he was dragged him about 200
feet along a suburban road. An eight-
year-old brother told police that the
man was talking the night he was
killed and that one of the boys had
own wrist and the other to the
horns.

Development of an advantageous method of making use of atomic energy which eventually is expected to power a locomotive from the coast at a cost of less than one dollar, was announced by the Buffalo Machinery Co.

P. Allen Miller, vice-president, said the company had developed a refiller which produces a continuous flow from a conventional type of atomic C. uranium.

He described an experimental model about 12 inches high, tubular in shape and built of non-leak high-grade steel to withstand a pressure of 200 pounds per square inch. This had been used to drive a part of a turbine "just as a turbine can be used to drive a pump."

LONDON—An Exchange Telegraph dispatch from Ankara said that Premier Mustafa Tunalı of Yulgavik had ordered the arrest of 100 persons in Yulgavik who he suspected were traitors. He said that he was wounded Aug. 9 when an American transport plane on which he was traveling was forced down by Yulgavik fighters.

The officer had been detained by the Yulgavik army and taken to Ankara where aboard the plane were released, following a United States ultimatum.

There had been unofficial press reports that the officer, Capt. Tunalı, was being held by the Turkish authorities for trial as a spy.

COMMUNITY SPIRIT RUNS HIGH IN ALIX

The building of the skating
ice has been an object lesson
in team work and co-operation
runs almost every group, or
division, and individual in the
Village and district. It is
estimated there already has
been donated the equivalent of
\$1200 in volunteer labor, also
here in the very fine receipts
given to the sale of the notes.
Up to this date subscriptions
were totalled \$4000.00.

Then there are the donations
already paid and promised. The
full list of these donors will be
published at a later date. At
the writing, the outstanding
contribution comes from our
good friends the Alix Leases
who are staging a dance at
their future home, when they
will furnish their hall and an
orchestra giving the entire pro-
ceeds to the rink fund. Do-
nations of this magnitude are a
great source of encouragement
to those whose responsibility it
is to keep the rink down to an
all time low for a project of
this size.

To those who may not be
quite clear on who are directly
responsible for the construction
of the rink it may be stated
that it is the A.C. & B.A.
working in conjunction with
A.A.A. who are directing opera-
tions and will be the operators.
It has been suggested that
both the school and village
should lease part of the cost of
building the rink but, it is the
opinion of the Village Council
and the School Board that un-
till there is a demand from the
citizens, that is, they would
not be justified in using public
funds for this purpose.

It is again to have con-
struction work moved ahead
by December 1st to the
ring line. This work will see
the roof well on the way to
completion assuming, of course,
the weather permits and per-
sonal labor current is main-
tained.

To all who up to the present
have been unable to help either
financially or otherwise we
urge that you make a voluntary
contribution you can at least
set possible date. Whenever
you can give will be the
amount of a great many who
are doing far more than their
share.

To the 32 odd citizens who
braved the zero temperature of
Sunday to put in a full day
work, we can only say "Gee!"
Also to the ladies and others
who have furnished the much
appreciated lunch, we say
"Thank you million times, keep on
coming."

If you want to join the "pa-
per" labor battalion, just give
your name to Len Johnson and
tell him when you can work.
Come on boys, let's all say
"I'm in!"

POLISH VETERANS WELCOMED TO CANADA

Approximately 1000 Polish war veterans, members of famous
British 8th Army, landed at Halifax Tuesday Nov. 12th and
were transported across Canada by Canadian Pacific Railway
for immediate placement of farm work. Top J. H. W. Gresham,
Toronto lawyer and president of the Canadian Polish Com-
mittee, extends a welcome to a group of beribboned men, many
of whom were wearing the 8th Army campaign patch and all who
were still in uniform. They were discharged before sailing from
Naples, Italy, and with some few divisional patches. In the lower
picture the 8th Army veterans received part of their last army pay
in the embarkation area through the Canadian Pacific office
before being dispatched to various Canadian army depots for
disposal to Canadian farms.

A SKATING RINK FOR CHRISTMAS

males! Never saw anything like it still don't believe it. These are some of the ex-prosecutors one hour regarding the progress being made at the skating rink, and it surprises even those building it some time with the "all out" effort that it has been made. Before you read this news item those gigantic trusses it likely all be raised and the most elaborate turds will have been crossed.

From that point on swift progress can be made doing it in, assuming, of course, the labor is available.

And building of labor on all time high was reached on Sunday when 45 men were on the job manhandling those big trusses, and it was really an achievement that all of them were carried into position to be ready for the raising over Monday morning.

It would appear at this writing that if present progress can be maintained that work will be far enough advanced on November 30th to permit the ice makers to start work.

It has been suggested that some flood lights be installed so that the builders men could get in some work after supper. If this suggestion meets with your approval let us know.

The past week saw a very successful effort in raising funds by the decorated women they staged a very pleasant evening at Military Wives' bazaar having a real good time. The proceeds will go into the skating rink fund. Then there are several who have come in and left funds to live men to take their place at the rink. These are the things that make our community effort go over the top, and also it must be a source of satisfaction to the fact that so much greater labor is being compiled as to keep the rink well within the earning power of the village and district.

So let's keep it rolling come sunshine or below zero. We hope the ladies will not be so down on the lunch so be there to get yours.

Julia Eberhart of Eberhart presented at court held at the Alix Hotel, Friday, Nov. 22 when Mr. O. Morrison was fined \$55.00 and costs on a charge of cruelty to animals, having left a cow tied up for several days without food or water.

Due to inability to obtain help, the regular visitor of E. Roy McLean, Optometrist of Calgary to Alix and Delburne, have had to be cancelled for the time being. Council Mr. McLean in his city office, 1010 Southern Building, Calgary, daily except Monday.

WOMEN'S INSTITUTE

The regular meeting of the Women's Institute was held at the home of Mrs. Mortimer on November 17th. A donation sent to the Wood's Home and the Salvation Army.

The next meeting will be held at the home of Mrs. Andrews on December 15th, at 8:30 p.m. Visitors are welcome. Pot luck lunch.

A DATE TO REMEMBER

A concert by the pupils of the Alix school will be presented in the Legion Hall, on Wednesday, December 16th, at 8:30 p.m. Watch for posters announcing the program.

Tuberculosis is one of the most persistent enemies of our time. Killing one million every 10 minutes in Canada alone and causing the death of more men and women between 11 and 15 than any other disease.

FORMER RESIDENTS OF LACOMBE KILLED IN MOTOR ACCIDENT IN B.C.

Mrs. and Mrs. H. O. Stone of Langley, B.C., formerly of Lacombe, were recently fatally killed in a motor accident near their home. Mr. and Mrs. Stone were returning from a short trip to Vancouver Island and just stopped for lunch in front of their home where they were struck by a passing car. This occurred about the second week of November.

Mrs. Stone spent nearly twenty years in and around Lacombe prior to their moving to B.C. and residing in the Langley, B.C., district. Three years ago they began to move their home in the Langley, B.C., district and one in Lacombe, B.C. — Lacombe B.C.

Mr. and Mrs. Stone lived in the Alix district for a number of years and will be remembered by the old timers who still live here.

Julie slipped in her tracks. Her heart was pounding. A figure dashed past from behind the stump and advanced toward her. She took a few steps backward. The figure came on. Julie moved back again. She wanted to scream, but her voice was gone. The man was bent over, coming closer. Julie knew she was in trouble. He seized the gun, the raised it and pointed it at her.

BIG NEWS ARENA ALMOST COMPLETED

By the time you all see this in print our skating rink will be in operation and altho some work will still have to be done for all practical purposes the rink is built; a reward crew is expected out on Wednesday afternoon and there should be little left to do after that date. It is just a few days more or seven weeks since the first spadeful of earth was moved and since that time over 3000 man hours of valuable labor have been given, 250 bags of cement, 50000 feet of lumber and about 30 bags of nails and 1000 bricks have been used, and the good Lord only knows how much touch has been consumed.

The project must stand as an object lesson in proving what can be done when the members of a community decide to work together in harmony and all that is to be done and it must be a source of pride and satisfaction to those who have given so much of their labor to see the project brought to such a successful conclusion and to know that what a part in its achievement.

What we want now is to see that time on the job is fairly apportioned to all the different groups and that there will not be any one group have a monopoly of the job.

It has been suggested a big free fair all staged for the local spending is a gratification of the magnificent support given the project by the community at large and that a committee should be stepped early in the new year when the official opening would be the feature attraction.

We are informed by the Finance Committee that more funds will have to be raised by loan to clean up the balance being on the books. It is not intended to use the revenue derived from gate receipts, dances, carnivals etc. to pay the cost of building as this will all be set aside to repay the loan. No anyone who feels they can subscribe to the loan should not visit the committee as soon as possible.

Oh you just one more thought and we will let our long suffering club breathe a sigh of relief. How about a Ladies Section of the Alix Athletic Association (just as they are) where without your co-operation, Ladies as they are, or guests and have some fun, there are many ice games that could be organized. DAY-NIGHT ROOMS: Making a new era in hotel comfort, ultra-modern "day-night" parlor-bedrooms have been introduced at the Royal York, the Canadian Pacific's 1800 room hotel in Toronto. Largest hotel in the British Empire, the Royal York [note] is the first in Canada to put in the new-day-night equipment. Situated above a parlor by day and a bedroom by night, the rooms have along one wall a luxurious shatterproof unit which can be turned down into a through-the-bed. The unit also houses a writing desk, which becomes a dressing table when the top is lifted, storage space for luggage, cushions and bedding, a nice table and radio. Neatly compact, the rooms are perfect for entertaining.

Going-Going-Going- THESE GREAT READING BUYS!

SEEDTIME HARVEST

DR. J. J. GARDNER

Line Division Farm Service, Saskatoon, Saskatchewan

On behalf of the Line Division Company operating the Department, we take great pleasure in presenting the opportunity of Mr. D. M. McLean, B.S.A., M.A., Assistant Director, Line Division Farm Service, effective January 1st, 1937. Mr. McLean, formerly of the University of Manitoba, has been promoted to his present position of Assistant Director, Line Division Farm Service, effective January 1st, 1937. This Department extends its best wishes to Mr. McLean in his new field of work.

Mr. McLean was born and raised on a farm at Neepawa, Manitoba. In 1908 he graduated with honors from the University of Manitoba with the degree of B.S.A. He received his Master's Degree in Plant Science from the University of Minnesota in 1912.

For the past ten years Mr. McLean has occupied the position of Assistant Agronomist, Saskatchewan Service, Manitoba Department of Agriculture, Winnipeg. During this period he served as Secretary of several important agricultural organizations, and has been established an excellent record in the Junior Farm Club work in the province. He is past secretary of the Western Society of Agronomy, and an active member of the Canadian Seed Growers' Association.

Mr. McLean will assist the Director of Line Division Farm Service in carrying out a program of work which will benefit the prairie farmer. His main task, however, will be to investigate and recommend the field survey of this Department. This will be done with the assistance of and direct personal contact with many of the country grain buyers in the marketing of Line Division Company operating the Department.

His first-hand knowledge of farming conditions in Western Canada, and his long experience in agricultural work, will be a great asset to the Line Division Farm Service.

HAYWIRE'S A HELP-OUT

Haywire can be a mighty handy for many a emergency repair around the farm. But it won't do when farm machinery and other expensive equipment breaks down. It's then the repairs and replacements can run into real money.

Learn to take care of essential repairs or replacements are always available at any branch of The Royal Bank of Canada. Money spent for such purposes is money well invested, because a breakdown on the farm often leads to serious and costly trouble. When you need to repair or replace machinery, or for any productive purpose, call on the manager of your nearest branch.

A Growing Nation

SCURRY THE WAS NICH WAS HEARD OF Canada's growing status among the other nations of the world. The great amount of energy and ability which was put into the war effort was responsible, in part at least, for the rapid rise to a foremost place in world affairs, for a recognition that Canada's contribution to the allied cause in both men and resources was far in excess of what might have been expected of a nation with such a relatively small population. The many qualities which made possible the outstanding achievement first seen in Canada today and in the response of the people to see that the country continue to progress in peace, as it did during the war.

A Distinctive Canadian Type—Victory Massey, C.M., P.C., who has recently returned from London, after serving for some years, including the duration of the war, as Canadian High Commissioner in Great Britain. Mr. Massey has told of the increase of Canada's prestige in Britain, out of the admiration felt for Canada and the Canadian people. Much of this has been attributed to the contribution made by the country to the winning of the war, but Mr. Massey has also expressed the opinion that not of the war but of a distinctive Canadian type, an increasing sense of Canada's individuality, and a developing unity which has made it almost "an intimate complete nation" a completed country.

Faith Alone Not Sufficient—Mr. Massey has also told the Canadian people that he has great faith in the future of this country. He has said that he has seen the future of this country, and he has seen that it will not be solved without the aid of the Canadian people. He has said that he has seen the future of this country, and he has seen that it will not be solved without the aid of the Canadian people. He has said that he has seen the future of this country, and he has seen that it will not be solved without the aid of the Canadian people.

Save The Children

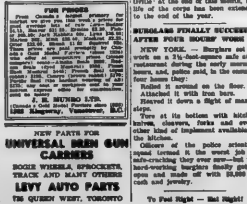

THESE ARE HUNGRY PEOPLE AT WORK in the world today to save a child from starvation and a large understanding among the people of all countries. Any understanding which is to be as highly commended, but it is doubtful whether any one of all that is being done in this respect by war and other nations. Each project has received some notice in the press in Canada, recently. This is the inauguration of the Canadian Free the Children Fund, which will place the plan under the International Child Congress, in which they are now participating. The objects of the organization are to save the children of today, who through no fault of their own have been denied their chance in a desperate struggle against want and death.

The Need Ahead Has Been Great

The regular meeting of the
Women's Institute will be held
at the home of Mrs. Leavitt
on February 6th, at 2:30 p.m.

This A.A.A.

Although the Alix risk got away to a late start this year, the seniors have, in full swing, the first games played, were on Jan. 24 at the Armstrong when Alix lost to Poncha by a score of 4 to 3 in overtime play. On the 25th, in the second game, and in the final game, Poncha was victorious over Duburco 3 to 2.

In a game on the 26th Alix defeated Basewick 3 to 1 in a very good game.

Alix journeyed to Poncha on the 15th and took the small end of a 5-1 score in a very rough and poorly played game.

On the 16th in a nice game with Duburco at Alix the final score was with a score of 1-0.

On the 18th at Olive the game was tied at the end of the second period, due to more, score Alix 4, Olive 2.

The clean and hard game of the season to date was when Turnover played at Alix on the 19th. The visitors won by a score of 3 to 1 in a very clean and fast game and both teams are to be complimented on the excellent hockey and good sportsmanship.

On the 20th in a good game at Duburco, Alix won by a score of 6 to 1.

Alix journeyed to Stettler on the 21st and in a rough, hard played game won by a score of 2-1. This was a hard checking and rough game and the boys showed that they can take it as well as hand it out.

At Alix on the 23rd Stettler again lost by a score of 3-0 in a repetition of Saturday night's game of hard checking and good passing. It was a good game for the fans to see.

The Alix Juniors have been having some good games also, played 3 games, 4 wins, 4 loss.

At home and home games with Stettler the boys won both games.

Home and home games with Basewick such tests were on home ice.

In 2 games with Mirror the Alix boys lost both games.

The next two games were with Stettler when each team won their game on home ice.

The game with Basewick scheduled for Tuesday was cancelled and will be played at a future date.

Few Wee Hockey Notes

After school the Alix Few Wee (ages 5 and under) journeyed to Mirror for a game with the Mirror Few Wee. This was really an exciting game for the fans as well as the youngsters. Both teams played a clean game the highlight being when Mirror scored the first goal, then after some hard playing the Alix team tied the score.

The boys on these teams have been learning the fundamentals of hockey and made some nice passes and effective shots.

The score at the end of the first period was Mirror 2, Alix 1. Scoring for Alix was Donald Crawford and Kenney Twifler. The return game is to be in Alix soon, so keep posted, fans.

Girls Hockey

Alix girls team went to Mirror Monday night for a game with the Mirror girls. This was another nice game with excellent sportsmanship in both teams.

Four 15 minute periods were played, the score at the end of the third being 1-2 for Alix. Both teams scored in the fourth period. The theory was played for Alix. Owing to May Jennings and Olive Dick.

Monday night was around 30 below playing Broomfield again. This is a good clean sport for women and we would like to see more ladies out. Monday's girls game was a scorcher. In being played on hard slippery ice.

Remember Tom! He's been out for a year and a half and needs a good game.

Alix Board of Trade and Agriculture

The Alix Board of Trade and Agriculture are proud to announce that Mr. J.C. Robertson, District Supervisor, Canadian National Railway, will address their next meeting on Feb. 10th. His subject will be "The Romance of Transportation".

Mr. Robertson will be accompanied by Mr. L. D. Hickey, Superintendent of the Canadian National Railway, and several members of the Calgary Board of Trade. The party will arrive by train on Monday Feb. 10th, in good time for the meeting.

All members and their friends are invited to take advantage of this unique opportunity to hear this interesting speaker.

The congregation of St. Peter's Church, Alix, presented the Rev. and Mrs. G. N. Standish with a purse of money, wishing them all the best in their new parish.

Miss Margaret Wheeler of Drummond, Wm., is visiting friends and relatives in Mirv and Alix.

Miss Parikh, primary teacher, has given up teaching for a time due to illness, and Mrs. McMillen is taking her place.

Estimated Crowd Of

1200 Attend

Carnival

Wednesday, February 19th will stand as a red letter day for Alix as the carnival was held when a crowd estimated to exceed 1200 people jammed the new Alix Arena to witness what many observers stated to be the best winter ice entertainment they had seen.

The program began with a reel, bang up hockey game between the local push chasers and the fast-chasing Furberhys Flyers, and also the local boys came out on the short end of the scoring, the game was among the best seen here this season. The final score was, Furberhys 9, Alix 3.

Opening the evening program with Billy Peace in a hoop skating number was followed by a very fine display of art. Then came one of the thrills of the evening with the Chuck Warner very lively feature was a series of races and next was one of the high lights of the evening in the actively art-troven "Prison Train The Bull".

This kept the crowd in an up-riser for fifteen minutes. Another very lively feature was the Girls Drill. This was performed by a group of girls should go to those who trained this troupe.

The small boys Clown Act was next in order and this really was a real treat for the judges and deserves honorable mention for those participating.

Throughout the program a certain local citizen kept the crowd in good humor by giving a very fine clown performance.

The absence of a good public address system was a great hindrance to the smooth flow of the program. This situation, will be overcome before another such program is staged.

To all those who gave so much of their time and talent to provide this fine program, the Alix Athletic Association say "Thanks a Million".

The financial results were very gratifying. An amount exceeding \$800.00 was realized after all expenses were paid.

See you at the Carnival next year.

Notice

Beginning March 1st all with will be sold on tickets. Cash- No Credit Given. Bottles must be left out if milk is wanted.

THE RED CROSS

CARRIES ON

Our men and women back from the world battlefields often tell how the Red Cross was there to aid and comfort them—often to save their lives. Now the Red Cross asks those who cannot add such solid support during the war years, to help keep the Red Cross strong in peace.

Today there are thousands of sick and disabled veterans who need the continuous help and friendship of the Red Cross. Indeed, greater care and need Outpost Hospitals and nursing service—than only medical aid. Civilian children's hospitals must be maintained and expanded. Men, women and children across Canada need the Mount Transitive Service the Red Cross has started to supply.

Will you continue to lend your help to sick and suffering humanity? The Red Cross work is your work.

This A.A.A.

On Sunday Feb. 23rd Mirror was the visiting team at the Alta arena, losing to the Alta boys by a score of 4-1.

Barbaro Juniors lost to the Alta Juniors on the 25th. Score Alta 5, Barbaro 2.

March 2nd was our big day, and the fans really got their money's worth when the Forthburg Flyers, Waskiaha Jones and Ed Kelly, met here with Alta for a four-man match. In the first draw, Alta played Alta, winning by a score of 5-4. The second game between Forthburg and Waskiaha was exceptionally fast and clean. Forthburg, winning by a score of 5-1. The final game between Forthburg and Ed Kelly was closely contested, as the two teams were evenly matched. Ed Kelly taking the big end of a 5-3 score. This was the best game of the season, full of penalties, and excellent sportsmanship shown by all.

On March 4th, Mirror girls visited Alta and won by a score of 1-0. Three penalties were handed out, all going to the Mirror team.

Following the girls game, the Flyers, captained by Smokey Denton played an All-Star team, controlled by Allyn Mann. This game was greatly enjoyed by both players and spectators.

Some of the high lights of the game was Art Bollen's speedy defense, and Gene Denton's brilliant stick checking. Also the clever stick handling of O. Landberg, Les Bann and Dennis Murray. At one time during the game, Edith Holmstrom was seen crawling the ice and Fred Hall double ending it. Pup Wagner, postponing a lot of time viewing the game from the penalty box.

Another highlight was what looked like heavy body checking. If there had been anyone in the vicinity to do the checking. To all appearances, they were badly by referee control. How about another game in near future?

P.H. The official score was Forthburg 6, All-Star 2. But the two referee parties that the two referee parties would have tied the score and had they been counted, the official 100 would have sent this team out to score goal No. 2, and thus win the game.

Mrs. A. Nelson of Lacombe is a guest of her sister Mrs. L. D. Phipps.

Mr. Robert Wetmore of Edmonton visited his parents for a week, taking in the carnival.

You RED CROSS help is needed!

In frontier districts of Canada the nearest hospital or clinic may be a hundred miles or more away. Over twenty years ago the Red Cross began establishing outpatient hospitals and nursing stations in these remote regions. Today a whole chain of Outpost Hospitals can be found in the frontier districts of the Dominion. They bring medical science within reach of these isolated communities. Hundreds of thousands of patients have been treated in these tiny hospitals, hundreds of thousands of cases. These hospitals also serve as health centres for their communities, carrying on medical inspection in the schools and organizing clinics for the children. Your help is needed to maintain and expand this vital work. Stand behind the Red Cross, and help bring medical aid to your fellow-Canadians, planning on Canada's frontiers. Give NOW... give generously.

Due to a covered risk, Alix
has been able to squeeze in a
little extra hockey in spite of
the winter weather. Alix has
visited Alix on Wednesday 19th
and he's not the least bit tired.
This was a more evenly played
game than the score indicated.
It was not a very good game
to watch as it was not a close
game. Alix and his team played
very well and very hard.
Why not play for sport instead
of carrying a chip on your
shoulders, boys?

Oh! Never revenge and vic-
tory! This is the sentiment
expressed by the Alix Stars
after their swimming victory
over the Fortman team in their
game when they were success-
ful in coming through with a
slight lead. Alix Stars 3,
Fortman 5.

The ice was not very hard.
In fact, during the game Goo-
die was sent down the creek
and not to be downed. "Doc-
tor" Tarver showed us
that he's not only a good swimmer
when swimming on his back.

The high dive was neatly ex-
ecuted by Rocky Brown, al-
though, on this, we think a cer-
tain amount of credit is due
Willie McLaughlin for his cap-
able assistance in helping him
make the spring board. Short-
ly after this we saw Goo-
die fall forwardly in the water.

We don't believe that Alix
Mann can swim at all, for every
time he made a dive, he didn't
come up until he had hit bot-
tom. You can't swim if you
don't wave your arms. Alix
and you for an attractive life
guard.

The United States spends
more than 30,000,000 dollars an-
nually for snow removal from
highways.

SPECIAL LOW FARES for Easter on Canadian Pacific Railway Lines are announced

Special fare tickets will be
available from Thursday, April 3rd

ing destination up to midnight
of Tuesday, April 8th.

On branch lines where there
is no train service on April 3rd,
tickets will be valid to commence
journey on April 4th. Similarly,
if the return ticket will be ex-
tended to make it "good on first
available train" in some cases
there is no train service on
April 8th.

The low rate of single fare
and one third for the round
trip will be good between all

WORLD'S WATER SPEED RECORD BID WITH JET BOAT

Sir Malcolm Campbell's Britain's water speed boat hopes soon
to make an attempt on his own world water speed record of
147.74 miles p.h. in a re-designed "Bluebird".

This new jet-propelled boat is powered by a de-Havilland
Goblin 11 gas turbine engine. An 8-man crew, made of 100
motor boat is being used in wind tunnel tests at the Pease Air-
Aviation Company's works in Midland near London. The "Blue-
bird" with its 4,000 h.p. jet engine is nearing completion at
Portsmouth and it is expected to reach 170 miles per hour.

Honors for Canada

CANADA HAS RECENTLY BEEN PROUD OF the honors won by three Canadians in the recent hot prize show, one in connection with the international break show of Chicago. It is not a new thing for Canadians to carry off top honors in such events, but it is commendable that they continue to win these awards, indicating that Canadian factories produce in compliance with the best from all parts of the world. The winning of prizes for the home alone may be of great importance, but what the representatives in regard to the industry and progress of the continent is of the greatest importance.

It was interesting to note this year that the "West King" turned out to be a contest of the "Merose Coffee" brand. To be sure, we are the oldest Canadian brand of coffee, but it is a fact that Merose Coffee, Inc., of the city of Montreal, Quebec, has won the prize for the best coffee in the world. This is a great honor for a Canadian company, and it is a testament to the quality of the product.

Reputation To Be Maintained

It is well known that the success which has been achieved by the Merose Coffee brand is due to the high quality of the product. The company has been successful in maintaining its reputation for excellence, and it is a testament to the quality of the product.

CANADA NEEDS MORE IMPROVED BARLEY

By encouraging the growing of improved quality seed and malting barley the brewing and malting industries of Canada through this contest are contributing to the meeting of Canada's domestic needs and assuring successful re-export of the Dominion in domestic barley markets. Because Malting Barley is used in a wide range of products for home, farm, industry—in foods, drugs and general articles—it is playing an ever-increasing part in the industrial and economic life of Canada.

1946 COMPETITORS PLEASE NOTE:

Full list of 1946 National Barley Contest winners will be published following the mailing of inter-provincial prizes at Manitoba Winter Fair, Brandon, Manitoba, Mar. 28th.

Machine Shop Symposium
The machine shop is one of the
most important departments in
any industrial plant. It is the
heart of the plant, the place
where the raw materials are
transformed into finished
products. The machine shop
is the place where the tools
and equipment are maintained
and repaired. It is the place
where the skilled workers
use their knowledge and
experience to create the
products that we use every
day. The machine shop is
the backbone of the industrial

FAUCHER-BOWLES

SUITS TRIALS HELD

Nuptial scenes were celebrated by Father O. A. Mearns on Friday morning May 18, in the church of the Lady of Fatima, Mallardville, for Miss Joan Gordon Bowles and Mr. Marcel N. Faucher.

The bride is the only daughter of Mr. and Mrs. E. J. Bowles, 247 Keary street and the groom is the son of Mr. and Mrs. C. Faucher, 665 Robson road.

Mrs. J. Brunelle played the wedding music and the bridesmaids were Mrs. L. Ma Grange and Miss L. Givins.

Given in marriage by her father, the bride wore a floor-length gown of white satin and an embroidered veil held in place by a Dutch cap. Her bouquet was of red roses and white carnations.

Miss Yvett Faucher, wearing a gown of pale pink sheer over lace, was the bridesmaid. She carried a bouquet of pink carnations and Miss Mrs. O. Hald was the groomsmen.

Assisting at a reception held in Hotel Rossell were Mrs. S. Grant, Miss D. Oxtoby, Miss H. J. Grant, Miss J. Alabach and Miss M. Pearce. Mr. H. H. Fidler of Hiram proposed the toast to the bride.

For a wedding trip to Victoria, the bride wore a gray gaudine dressmaker suit and carried a bouquet of pink carnations. The bride and groom were accompanied by Mr. and Mrs. C. Faucher who will reside in Mallardville.

CORRESPONDENCE

To whom it may concern: That fire sure did look plenty big and tough when Jack the two neighbors were helping with the fight, but when Mr. Chief Gordon and his crew (in little red and blue) came they could wait it was made by a shovel arrived, along with the work of the fire engine. It was soon under control to the fire.

Very highly commendable was the presence of mind of Mr. H. H. Gordon in leading straight for the fire hall without a word of hesitancy and he along into the chemical engine with his truck, also the work of the fire engine. The fire was soon under control to the fire.

The United Church Man in

Leconte was the scene of a very pretty wedding on Monday May 15th, when Mr. L. A. Thompson, minister in charge of the church, officiated in the presence of many guests.

The bride is the only daughter of Mr. and Mrs. V. A. Lyle of Alix and Harold William Lynn, eldest son of Mr. and Mrs. Walter Lynn of Niverville.

The bride was prettily attired in a white gown with lace and carrying a white rose.

A few immediate relatives and friends witnessed the wedding.

After the ceremony the happy young couple left for Calgary for a short honeymoon.

On their return the young couple will leave for Portneuf where the road construction starts.

Happy happy wishes with them in this new adventure.

NOTICE

I will be in the office at the Town Hall daily, through the balance of May, from 2 p.m. until 4 p.m. for the purpose of collecting taxes.

U. G. MARVAT,

Secretary-Treasurer

The Alix local volunteer fire brigade was called out last Thursday afternoon when a small brush fire broke out at Mr. Clark Walker's residence.

Under control before any serious damage was done.

Dr. Gardner will be away from May 17th, through the balance of May, when he will attend a conference course at Edmonton.

Mr. Jack Lynskey made a business trip to Calgary this week.

Ere Allan who has been attending the Old Agriculture School, has just been notified that he has won the All-Almanac Scholarship. Congratulations.

Master Dwight Lyons of Calgary is visiting his grandparents, Mr. and Mrs. J. W. J. Weller.

Mr. John Hopkins of Haysville left last week for Portneuf on the Saskatchewan border where he is in charge of the road construction.

Charles Toppen had his thumb badly torn in the machinery at the C.A.D.F. last week.

Mr. and Mrs. Harold Patrick of Poncha were Alix visitors on the week end.

Mrs. A. Pihlaja and Mrs. L.D. Haines were Red Deer visitors on Tuesday.

Miss Joan McCallen is a business visitor to Calgary.

RUSSELL — BAY

The United Church, Alix was
the scene of a pretty wedding
Saturday evening May 17th,
when William Mm. married
daughter of Mr. and Mrs. Ed.
Olson. William Mm. is the son
of Mr. Robert Russell of Alix.
The ceremony was performed
by Rev. W. H. Stevenson.

Glen in marriage by her
brother-in-law, Mr. Mm. Cal-
gary, the bride wore a gown of
silk velvet with a floor length
train and a head dress of orange
tulle. She carried a bouquet
of American Beauty roses.

Miss Bunney Evans, Calgary,
was bridesmaid and also car-
ried a bouquet of American
Beauty roses.

The groom was attended by
his brother, Arthur Russell.

Mr. J. Goudy and Mr. T.
Russell were ushers. Mrs.
Goudy sang "Home" accom-
panied by Miss Mary Henderson
on the piano.

Following the ceremony a
reception was held at the Alix
Hotel for forty-four guests.

The happy couple spent a
short honeymoon in Lacombe.
They are now residing in Alix.

Out of town guests were,
Mr. and Mrs. Frank Brown and
Mrs. L. E. Amos and Mrs. Mm.
Spalding of Calgary.

POST SEEDING
CULTIVATION

Cultivation after the crop
has been sown has solved to
some extent the problem of
growing out and destroying
annual weeds and destroying
the seed of the crop. H. J. Math-
eson, of Red Deer, is now seed-
ing three acres in Alix, and
has been very successful in
the work. The first report on the
herbicide is one inch long — that
on the other hand, it is about
the ground.

This method has proved very
effective on such plants as
stinkweed and wild mustard,
and may be used on a number
of most annual weeds. It has
not been quite so effective
for the control of wild oats, for
which reason methods are re-
quired. Recommendations for
wild oat control are outlined in
Circular No. 71, a copy of
which may be obtained from
the Field Crop Branch of the
Alberta Department of Agri-
culture.

MORE CONSIDERATION
NEEDED

Complaints regarding radio
interference in Alix are again
being heard in an increasing
number. Calgary Tower officials
have no complaint as much as
possible and endeavor to track
down these complaints, and in-
variably they find that the in-
terference originates from faulty
switches, ungrounded electric
races and motors, or care-
less handling of electrical ap-
pliances in the home.

Radio interference is annoy-
ing and irksome but it can be
eliminated only the full co-
operation of all those who
use electrical energy. Those
who use electric ranges should
have a professional electrician
eliminate or at least reduce the
radio interference from this
source. Those homes with faulty
and loose connections should
have them corrected and
tightened. Only by attending
to these small but not insignifi-
cant causes can radio inter-
ference be improved. Further
information may be obtained
and correct the big cause of
radio interference in towns — but
it is impossible for them to
trace down all electrical defects
in outlying areas.

This puts the solution up to
the residents themselves. If
your range is noisy, be-
fore you report to the radio
check your own electrical con-
nections and appliances and
eliminate any electrical in-
terference in your neighbor-
hood. If everyone does this,

FREE SERVICES FOR FARMERS

For the purpose of assisting the farmers of Canada to meet the economic problems with which they are constantly confronted and to carry on the industry of Canadian agriculture to the advantage of the nation as a whole, the Dominion Government has several millions of dollars invested in free services and facilities.

No other industry has at its disposal such a wide and varied range of services and facilities provided by the Government. They include the Dominion wide system of Experimental Farms and Stations, the divisions of Dairy Research, Botany and Plant Pathology, Chemistry, Entomology and Plant Protection of the Science Service, the divisions of Health, Animals, Plant Protection and Livestock with their field services of the Production Service, the marketing Service, in which is centralized the administration of all grading services of livestock and livestock products, dairy products, poultry eggs, fruit, vegetables, canned goods, maple products and honey, and the Division of Agriculture Economics, which serves as a fact finding body concerning production and marketing.

Results of the research work and experiments of all these services of the Dominion Department of Agriculture are made known to farmers and the people of Canada generally through publications, the press and radio, exhibits and other ways directed by the Publicity and Extension Division.

Those engaged in the industry of Agriculture, whether directly or indirectly, are invited to make full use of the services and facilities as outlined. They are free.

Thanks A Million

Folks

The results of our 4th of July Sports Day were in every respect very gratifying. The weather (almost) the program fun for all the age groups, and the interest most certainly did a swell job at the books.

The gross receipts for the day were as follows: Gate Receipts, \$200.00; Donations, \$140.00; Booths, \$100.00, making a grand total of \$1400.00.

While all of the accounts have not yet been submitted it is expected the expenses will amount to \$100.00 leaving a balance of approximately \$1300.00. A detailed statement will be published at a later date when exact figures are available.

Some of the highlights of the events were the baseball games, while the first game between Alita and Clive was one sided, the game being won by Alita 11 to 5. The second game was a thriller between Nebraska and Alita, Nebraska winning the event 11 to 5. The final game was also won by the Nebraska Club by a score of 11 to 5.

It is estimated 100 youngsters competed in the foot races. The boys' race is hoped we will improve still more in our track events.

The horse races while few in number were very competitive and provided some added thrills as did that tug-of-war when the rope broke, but Jack will have a steel cable next year.

The public Address System given by Mr. Archie McDonald of Red Willow was an outstanding success and added much to the enjoyment of the program.

The horse race being a very well attended contest in the hall at the grounds was much enjoyed and the collection really did their job.

To all (and they are legion) who pitched in and helped make this event the outstanding success it proved to be, the Alita Athletic Association wish to extend their very sincere thanks to you.

They wish to state at this time that there are now funds available to pay for the road and also to take care of the Lewis Hall.

Mr. and Mrs. J. Dolzette Mrs. Albert Dolzette and Mr. and Mrs. Cora Ferguson attended the funeral of Mr. Himmeyach at Rocky Mountain House on Saturday.

Leonard Green is visiting with his grandmother at Howard Street.

Will the party who took the Duns have kindly from the Sports Grounds on July 12th please return it.

Mr. and Mrs. Benson have returned home from their last trip.

In a letter to friends at Alita, Fred and Margie Wong, he stated he was sailing from San Francisco on July 11th for China and wished to be remembered to all his kind friends at Alita. He expects to come back to Canada next year.

In the recent list of scholarships published by the University of Alberta were the names of 2 Alita students. Stanley Roberts who won the Friends of the University bursary in Education, and Douglas Cosmick who was awarded the Pottsville Scholarship in Arts and Science.

Mr. and Mrs. J. K. Holworth of Sylvia Lake, were seen last night in Alita.

Mr. John Peabody is visiting his sister, Mrs. Stewart, in Victoria, B.C.

Mrs. Warren and two daughters Phyllis and Helen, left a Thursday for Ontario to visit his relatives and friends for a few weeks.

Mr. and Mrs. Jennings and family, Alita, were seen last night at the first part of the week.

Mr. Holworth and Ralph Cosmick, Calgary, visited this week.

Mr. McDermott and Billy are visiting in Calgary.

Congratulations are extended to Mr. H. B. Sanderson on reaching the 42nd birthday on July 12th.

The places etc. left at Sports Grounds may be noticed at Holworth's Store.

The July meeting will be a picnic at Alita Lake weather permitting. Food and refreshments, family, friends and bathing suits. We will meet at 10 p.m. at W. D. Clark's, Sunday July 15th.

Alberta Federation, Of Agriculture Recommends Harvest Wage Scale

The going wage for harvest help is about 10 cents an hour to the farmer and laborer alike. For the past two years the Alberta Federation of Agriculture has taken the lead in trying to establish a satisfactory wage scale.

At a recent Board of Directors meeting it was agreed that \$2.50 for working and \$3.00 for harvesting, based on a two-hour day, plus board, would be a fair price. The Board realizes that this can be a reasonable condition. However, this is a far cry from what is being offered and is included and if all farmers will adopt this plan, harvest wages can be kept on a war form scale.

"INVASION" WERE COMING TO CANADA

NEW WAR Is Remote

OTTAWA—After consulting various factors with the unemotional logic of the military analyst, one of the higher officers involved in Canada's search for the missing remains of the "pyramid" 50,000 tons of

harmed wire prepared for the invasion of Europe and which lay rusting for seven years, are going to Canada.

But Victor Haddock, who purchased the wire from the British Government and accepted the overseas offer, has had his troubles converting his investment.

It originally seemed to him that the wire could be sold to Britain for use in steel cables, but he has had no success in this regard.

Village Council

Five regular monthly meetings of the Village Council are held on Monday, August 18, in the Council Chambers. Present Mayor W. E. Jennings, Councilmen F. A. Graham and H. A. Mann.

The minutes of the previous meeting were read and the monthly financial statement presented and adopted on motion of H. A. Mann. Carried. The Mayor reported of the Free Methodist are being in to help with the accommodation of Mrs. Lucy Angel, and that her son was not in a position to help, so that it was up to the Council to make some provision for Mrs. Angel.

Moved by W. E. Jennings, that the Secretary write the High Street Municipal District No. 10 asking the council for a permit to use the present time in regard to Mrs. Angel. Carried. Moved by F. A. Graham, that the Secretary write the Superintendent of the Salvation Army Rev. H. H. Mann, Calgary, asking them for accommodation for Mrs. Angel. Carried.

New business arising out of correspondence, Mr. H. E. Patrick presented a request asking the Council to give him a recommendation to add him to the list of persons to be permitted to operate a Retail License to operate a Cafe known as Pat's Cafe.

Moved by W. E. Jennings, that the Council grant a recommendation to add him to the list of persons to be permitted to operate a Retail License to operate a Cafe known as Pat's Cafe. Carried.

Moved by W. E. Jennings, that the Council grant a recommendation to add him to the list of persons to be permitted to operate a Retail License to operate a Cafe known as Pat's Cafe. Carried.

Moved by H. A. Mann, that the Village Council be willing to let the Alix Consolidated School have the use of the hall of the Village Hall for a dance room, providing the School Board make the necessary alterations. Carried.

Letter from the Calgary Power Ltd. spoiling and giving reasons for the recent power interruption.

Moved by F. A. Graham, that the Village Council be willing to let the Alix Consolidated School have the use of the hall of the Village Hall for a dance room, providing the School Board make the necessary alterations. Carried.

Mr. W. O. Murray, Secretary Treasurer, Villages of Alix, Alberta.

We regret very much any interruption to the power in the village of Alix. We are endeavoring to improve the section condition of the town by increasing the line voltage from 13,500 to 25,000 volts.

It has been necessary for us to make numerous changes in line construction in order to accommodate higher voltages. Several of the power interrupters used in the line were replaced by others which had been damaged by riders. It is anticipated that there will be one more minor interruption to the village of Alix before the final change in voltage is made.

The reason for this interruption will be to change insulators which have been damaged by riders. The interruption on August 14 will continue for approximately three hours.

Yours very truly,
GASTON FOWLER

Junior Grain Club

The young farmers to be, who are taking part in the Junior Grain Club, had a splendid meeting on Tuesday, when they spent the afternoon visiting the Larocbe Experimental Station. Assisted by their sponsor, the Alix Board of Trade and Agriculture, and accompanied by Mr. Jennings, Mr. Mann and Mr. Cormack, the boys showed great interest in the plots of wheat, oats and barley and had a chance to compare the different varieties side by side.

Next Monday, (Aug. 18) a tour is being made to inspect the boys' own plots of registered wheat. They will be accompanied by Mr. Jennings and Mr. Cormack, and will have a chance to compare the different varieties side by side.

Members United Church in Calgary was the scene of the wedding on Wednesday evening of Miss Lorraine Cavanagh, daughter of Mr. and Mrs. Cecil Cavanagh of Mirror and Lesley A. Hainkha, daughter of Mr. and Mrs. O. Bessie, of Calgary.

The bride was given in marriage by her father, Mr. C. Cavanagh, and wore a long white satin gown with a full length veil held in place with a coronet and she carried a bouquet of red gladioli.

The bridesmaid was Miss D. V. Hinks who wore a yellow gown, a chapel veil and carried a bouquet of white gladioli.

Mrs. O. Baker who wore a turquoise blue dress with matching head dress, was matron of honor.

Best man was Mr. Leo Borge. Mrs. Cavanagh chose for her daughter's wedding a black dress, simple trimmed, and wore a corsage of red roses.

Mrs. Hainkha wore a black and white ensemble with matching accessories and corsage of red roses.

After the ceremony a reception for guests was held in the Bay Room of the Tea Kettle Inn.

Before taking up residence in Calgary, the bride and groom left for a honeymoon at the Byram Lake and Bay St. the bride travelling in a cherry red suit with black accessories.

Wedding

The United Church in Stettin was the scene of a very pretty wedding at 2 o'clock on Aug. 17 when Edith Pearl and daughter of Mr. G. McMillan of Stettin and the late Mr. Robert Norman, N.W.T. and Arnold Howard Smart, third son of Mrs. Smart and the late Mr. Smart of Edmonton, were united in marriage. The Rev. G. Mathers of Donalda officiating.

The bride entered the church on the arm of her brother John wearing a floor length gown of white tulle with net bodice and wearing a full length veil. She carried red and white roses.

Miss Florence McMillan sister of the bride wore a white shawl dress and pink choker and a Miss Daisy Smart who was chosen as maid and flower girl.

They carried pink carnations. The groom's attendants were Miss Edith Pearl and daughter of Mr. G. McMillan and Miss Smart of Hanna.

The wedding March was played by Patricia Bank of Stettin after the ceremony a reception was held at the bride's home where about forty-five guests were present.

The happy couple left for Edmonton for a honeymoon trip. On their return they will reside in Stettin.

Agribusiness Publications

One of the most important factors in the success of the farmer is the quality of the information he receives. The Agribusiness Publications are a series of agricultural publications that provide the farmer with the latest news and information on all aspects of farming. These publications are available to the farmer at a very low cost and are a valuable asset to any farmer's library.

Each publication contains a complete directory of all the leading agricultural publishers in Canada. This directory is a valuable resource for the farmer who is looking for new publications to add to his library. The directory also provides information on the prices of the publications and the methods of ordering them.

My boy, I would advise you to deliver your grain to Alberta Pool elevators and to stay with the Pool. It has been a big help to an Alberta farmer; it is our business and it is up to us to make it successful.

I believe in co-operation and I think you farmers should stand shoulder to shoulder to show the world that we can operate our business in the way we want to do.

Our Alberta Wheat Pool operates for the people on the land and not for the investor or speculator. It has and it is the best of grain business. It has corrected abuse and is providing a fine service to farmers.

The Pool put a percentage dividend policy into effect, supplying other grain companies to do likewise. They never would have done so but for the Pool.

Original Pool members put up over \$8 million in cash to build the Alberta Wheat Pool. You can increase your ownership in the Pool surely by delivering your grain. You will get percentage dividends in cash and reserves. Ownership lies in the reserves.

The aim is to keep Alberta Wheat Elevators in the hands of operating farmers. Stay with the Pool and you will always be glad you did so.

**Worth
working for!**

Watching the men at work on his new barn, Jim thinks of the friendly talk he had with his bank manager. "I've got good land and I can work it. With a little extra money I can really make a dream come true..."

So Jim got his bank loan. Soon, there'll be new farm equipment... improved livestock... a well filled granary. More work for the community, more farm products, more food for home and export.

Helping people in all walks of life to profit from their own enterprise and industry is one of the chief functions of Canadian banks.

THIS IS ONE INVESTMENT ON WHICH YOU CAN COUNT. It's your part in the daily life and work of Canada.

For active agriculture has contributed a new, inexpensive method for controlling fungi which causes black root rot. The soil is treated with a chemical called tetramethylthiuram disulfide or T.M.T.D. It is expected to benefit farmers the world over. The chemical was developed over a period of three years by a research program initiated by a sugar company to check root rot in beet fields. It is said to be applicable to all vegetable crops, tomatoes, melons and tubers.

OLD TIME RESIDENT

Passes Away

Funeral services were held for the late Mr. R. V. Baudouin at his home in Allx on Monday, Mr. Baudouin was one of the real old pioneers in Allx and will be missed by a large number of old friends.

OBITUARY

Funeral services for Mike Macoy who's untimely death had been announced, were held on Wednesday afternoon September 25th from the Allx United Church. Rev. Mr. Stevenson officiating.

The late Mr. Macoy who was 21 years of age was born in Chuchodovanka, at the age of 18 he with his mother, brother and sister came to Canada taking up farming in the Hayman district. On July 1913 Mike as he was more familiarly known, married the late Mrs. Mary Macoy, nee Mrs. John Macoy of Nevis. The happy couple lived for 4 years on their farm near Allx moving back to the old home stand this last year.

During the service Mr. R. H. Gilmour sang that lovely old hymn "Swing Low, Sweet Chariot". The pallbearers, friends of the deceased, were Messrs. James Macoy, Peter Macoy, John Macoy, Leif, Frank Martin, Willie and Edson McGinnis.

Funeral tributes were numerous and beautiful. Mr. Macoy leaves to mourn his loving wife two daughters, Cora and Mary Macoy, also his mother, one brother Andy of Allx a sister Mrs. Hamilton of Calgary a step-sister Miss Mary Biviana of Red Deer.

The World Of Wheat

By
Director "The Crop Trading Firm"
British Wheat Price
Increased

The British Government on Aug. 1st, in London announced increased prices for wheat to British farmers in order to induce them to produce more. The price for this 1947 crop is now, in equivalent Canadian funds, \$2.35 a bushel to farmers at their country point of delivery. For the 1946 and 1947 crops the price set are equivalent to \$2.38 for the product of the first ten acres—approximately 500 bushels—and for the balance of the crop \$2.16 a bushel. These are good prices to the British farmer on the basis compared with the \$1.16 only a bushel which Canadian farmers now receive at their country elevators, and let us not forget for the Canadian wheat which is worth on the average on account of quality 10 cents a bushel more than British wheat.

It is evident from these new

DANCE MIRROR OCT. 15 BABE LAWSON ORCHESTRA

British prices that the British Government considers wheat will be worth considerably more in 1948 and 1949 than it is for this year 1947. The world is badly short of wheat. The British Government has adopted the right method to increase production by paying her farmers a higher price. Why is not that simple method also used with our Canadian farmers?

SEEDTIME AND HARVEST

Pharmaceuticals
Aids to Better Seed

Dermatologist and Doctor Vets.
The importance of germination, disease, and other and tests in raising farmers to know the value of their own grain for seedling purposes, cannot be overemphasized. This year, particularly, there is so much poor grade grain in the country that farmers would be well advised to have the seed they intend to use next spring tested for germination. It is true, of course, that seed of wheat, oats, barley and flax may look like seed and contain and yet germinate at all and may not, it is therefore, wise to have a germination test made.

For the benefit of posterity, the following list of services is offered:
1. Germination. Efficient tests in germination will be made.

2. Free Seeds. On request, the presence of seed will be reported.

3. Seeds. All wheat samples will be tested for mold (staining mold).

4. Other Diseases. Samples will be analyzed for seedling diseases and other downy.

5. Free Seeds. On request, the presence of seed will be reported.

SEEDTIME & HARVEST

By D. B. MILES
Liaison Officer, Canadian Seed Growers' Association
Seed Growers' Association

Western Canada has established over the years a world-wide reputation in the production of high quality grain and seed. Let us remind you that these lands have not been won without considerable effort and sacrifice.

But above, hard and small, national and international, are recognized as an excellent source of stimulating an active interest in good seed and crop improvement. Those of this kind have a definite educational and educational value. Crops which should be encouraged are displayed and a complete spirit, as well as the scope to improve in the future.

The Seed Exhibit. Many farmers, at the onset of the year, begin to plan exhibits for seed shows. To the experienced exhibitor the seed show is a most important part of the year. The seed exhibit is a most important part of the year. The seed exhibit is a most important part of the year.

Remember, then, the Royal Seed Show is held only at Toronto, with sections at Ottawa, 1938, and the International Seed Show and Seed Show at Chicago, 1939, during November 1937.

A large entry of seedlings presented exhibit will help to produce a high quality seed, to the production of high quality seed of all kinds.

The World of Wheat

By

Director "The Crop Testing Plan"

\$1.94 Wheat in 1946-1947

Ottawa announces that Cana-

da and Britain have agreed on

a price of wheat of \$2.00 bush

1 Northern Fort William for

162 million bushels of wheat

that Canada will supply to Bri-

tain during the crop year start-

ing Aug. 1st, 1948. Our Cana-

dian farmers have been promul-

gated and ever again "that in

the third and fourth year of

the Agreement Britain would

add such an additional price to

the world price as would re-

turn our farmers for the 120

million dollars lost on the 1948

crop. Taking 60 cents from \$2.00

leaves \$1.40 which is the world

price to which wheat would

have to fall if the losses to our

farmers of 120 million dollars

are to be reimbursed. No one

can see into the future, but it

seems unlikely, to us at

all events, that the price of

wheat will fall to anything like

such a level. Should the price

of wheat be \$2.00 which might

happen, then Britain would not

be reimbursing our farmers one

single cent on the loss of 120

million dollars they have suf-

fered during the past year.

ALBERTA SEED EXHIBITS

FOR TORONTO AND

In past years, Alberta seed ex-

hibitors have won a large num-

ber of the top prizes at the Tor-

onto and the Chicago Inter-

national Hay and Grain

Show. This has brought honor

not only to the individuals who

prepared outstanding exhibits

but to the province as well.

This year an unusually large

number of exhibitors from the

province was anticipated, but

unfavorable harvest weather

has discouraged some

prospective exhibitors. Those

who were able to harvest their

crops early and in good condi-

tion are advised to make a spe-

cial effort to prepare an ap-

peal lot for the exhibition, as

those who have not a great deal

of seed in their fields will

miss the chance to exhibit a

sample of their seed. Those

who have a high class sample of

seed should be sure to take

along a number of seed samples

of the best quality seed in the

province. Those who have not a

Romanian's bread grain crop for 1917 is now estimated at 10,000,000 bushels, compared with 10,000,000 bushels harvested last year. The United Kingdom 1916 wheat production is placed between 11 and 12 million bushels against the harvest of 12 1/2 million bushels.

Representatives of the British Ministry of Food are now in Romania negotiating for the purchase of available maize. Rumania's maize surplus is expected to between 20 to 30 million bushels. Canada's 1917 flax seed production is now placed at 18 million bushels, some 81 per cent above last year's production and has only been exceeded twice in the last three decades.

The Alix district can really grow large vegetables, as evidenced by the display in the glass window.

The Vegetable Heavy-weight Champion Contest drew a large number of entries, the final rounds going to a 14 lb. 10 oz. turnip, a 1 lb. 11 oz. parsnip, a 5 lb. 2 oz. beet, and a 10 lb. 7 oz. marrow all grown by Mrs. O. Peterson. Mrs. W. Wilson won top honors with 17 lb. 5 oz. cabbage, and a 10 lb. 2 oz. pumpkin. Then the 5 lb. 2 oz. potato grown by Mr. G. Morris, a set onion of 1 lb. 8 oz. by Mrs. E. Allan and a carrot weighing in at 1 lb. 13 oz. by Allen Johnson. Also on the display were perfect potatoes shown by Mrs. McLaughlin.

While nearly every gardener has grown oddities, we think Mrs. Allan's turnip resembles a buffalo head, complete with horns, legs anything we've seen this year. A 14 lb. carrot was a real novelty also an excellent example of a vegetable that resembled anything and everything.

And Gardeners' spring is "Just around the corner" for a wild spring process was brought in by Mrs. Johnson.

We wish to extend our thanks to all those who entered vegetables and especially to the Alix Pharmacy for their kindness in assisting with this contest.

Director "The Coop Telling Plan"

"A modest little man stood up before a group of his former neighbors and friends and heard himself called the man who gave bread to a hungry world."

The occasion was the 10th anniversary of the founding of the Alix Dry Cleaners on Dryden St. Oct. 10th, at Waterloo, South Dakota. A 44 of the Alix Dry Cleaners, S. McFadden, two men who made the first successful move to lift the business, which is rest-resistant, and the Canadian "Marque" to produce a rest-resistant wheat. Every bushel of rest-resistant wheat produced since that date has been made possible because of the crop made by this little college student at Brookings, South Dakota in 1938.

What the world owes to this man! And what the world owes similarly to Americans and Canadians. Plans-Brokers and Agricultural Scientists who, building on McFadden's first achievement, made hundreds of millions of bushels more wheat available to the United Nations. During the war, millions of bushels more millions of bushels available to a hungry world, suffering much more severely than is from lack of bread.

There are other great men who the world owes to in Canada who the United States men, because of their notable scientific, domestic and public and similar official and public recognition.

Scholarship For Juniors

The Grade 1 and 3 Mothers'

Committee met with Mrs. Rob-

ertson at the school last week and

prizes that will be given for

four pieces of purple wool and

for the last year's attendance

prizes.

The prizes will be given at

Christmas for the Grade 1 Work

Book and Grade 3 Study Book.

At Easter, Grade 1's Think

and Do back Printing, Grade 3's

for their Think and Do

and Writing.

At the end of June for both

grades' Art Books for the term

and also the Attendance prize

books.

At the older students in our

Domestic art, who make

prizes and scholarships, it may

add a little incentive for the

beginners, along with the pure

joy of their work, for them to

show the mothers are interested

in them. Who knows, there may

be a future Rhodes Scholar from

Alix.

Mr. Robert Russell Laid To Rest

Mr. Robert Russell passed

away at the age of 61 on

Monday, November 7, at the

Red Deer Hospital on October

25th, after a long illness of

about six years. Mr. Russell

was born at Leith, Scotland

on May 11, 1865, and came to

Canada with his parents at the

age of 8 years. The family

moved to Scotland for about three

years, and on their return to

Canada settled in the Alton

district where he has resided ever

since as a farmer and miller.

Funeral services were held

on Saturday, Nov. 1st, with

services at the Alton district

church, and on the funeral

home at the Alton district

home. He leaves to mourn his

five sons, Roy of Ponoka, Nor-

man of Alix, and Arthur, Teddy

and Donny at home, two daugh-

ters, Mrs. Glen Towler of

Alix, and Mrs. J. J. J. J. J.

and four brothers, John, Charles

and Peter Russell of Alix, and

James Russell of Alix.

Funerals were Rev. Douglas

Macdonald, minister of the

church, and G. Webb, O. Hewitt,

A. Macdonald, and G. Macdonald.

Funeral Directors Brown and

Macdonald of Alix and the

funeral home conducted the funeral.

One of the luckiest passengers on board the Canadian-Pacific River Express of Canada as well as Mrs. Russell, who died on Nov. 7, 1937. She was a native of Scotland and had been married for 35 years. She was a devoted mother and a successful business woman. She was a member of the Scottish Women's Guild and the Scottish Women's Institute. She was a very kind and generous person and was loved by all who knew her. She was a very successful business woman and was a member of the Scottish Women's Guild and the Scottish Women's Institute. Mr. Carroll passed away in Lacombe Hospital on Monday of last week.

Mr. Gordon Walker and Gus of Lacombe, are visiting with Mr. and Mrs. W. Patrick.

Mr. John Russell spent several days of the week of November 17 in Minneapolis, Minnesota, and Miss. Illinois, visiting the home office and the various plants of the Minneapolis, Minn. Power Implement Company and conferring with officials of the company.

With other farm implement dealers from Alberta, he observed first hand the production methods of the huge Minneapolis plant of the company and discussed with company officials and engineers the production outlook for the coming year on farm machinery.

Following the conference, he spent the latter part of the week in Minneapolis, Illinois, observing work carried on there and discussing with officials the problems of meeting the unprecedented demand for modern farm equipment.

Wedding

SHAFER - MOORE

On Thursday, Nov. 26th, at 4:00 p.m., the United Church was the scene of a very pretty wedding. Miss Lyle Moore, 12 years exchanged marriage vows with Mr. and Mrs. R.E. Moore, daughter of Mr. and Mrs. R.E. Moore, and Albert Jordan, younger son of Mr. and Mrs. D. Shafer of Mirror.

The bride wore a floor-length gown styled with fitted bodice of white jersey and netted skirt, and fastened a waistcoat neck-line with short sleeves with which she wore short length netted mittens. Her hair was styled in waves. The bride and Mrs. Queen of Stettler held down the bride in place by red rose buds, and she carried a bouquet of red roses. Her jewelry consisted of a three strand pearl necklace and a gold wrist watch fitted with two diamonds, gifts of the groom.

Miss Lena Kamp of Red Deer was bridesmaid. Frothed in a gown of white net decorated with yellow lace knots and carried a bouquet of pink carnations.

Mr. Arthur Shafer, brother of the groom, was best man, and Mr. Clinton Moore, brother of the bride, and Mr. William Shafer, brother of the groom, ushered the guests.

The bride's mother wore a blue crepe afternoon frock with a corsage of red carnations.

The groom's mother chose a raspberry crepe frock for the occasion, with a corsage of pink carnations.

During the signing of the register, Mrs. Shafer of Alix, played the solo "I Love You Truly," and she also played the wedding march.

Following the ceremony a reception was held in the Alix Hotel, the bride and groom receiving the best wishes from each guest as they entered the reception room.

The bride's table was decorated with three tiered wedding cake, Mr. William Shafer presided, and the bride of the which the groom suitably responded.

Following the reception the bride and groom received and opened many lovely gifts.

The happy couple motored to Calgary where they spent their honeymoon.

Mr. and Mrs. Shafer will travel the bride wore a blue top knot and pink and black accessories.

On their return, Mr. and Mrs. Shafer will occupy their home in Minneapolis.

PIONEER PASSES AWAY

An early pioneer of the Lacanville, Alberta, was James Todd Carroll, passed away in the Lacanville Municipal Hospital on December 10th.

The late Mr. Carroll was born in the town of Lacanville, September 18th, 1872. At the age of seven years he moved with his parents to Lacanville, where he grew up to be a young man. At the age of 20 years he was married to Miss Edith Ambrose McMillan of Toronto, Kansas. A year and a half later they came to Lacanville to settle on the homestead they inherited at Lacanville, where he lived until his death.

To his union were born four children, three sons and one daughter. The daughter predeceased him eight years ago last May.

He leaves to mourn his wife Edith, three sons, Len and Carl; also Howard of Dayland, two grandchildren, three half brothers and two half brothers.

The funeral took place from the Alix United Church, the Reverend Stoddard officiating. Burial took place in the family plot.

J. K. Brennan of Stettin had charge of the funeral arrangements.

Funeral tributes were received from the following: The Family, Alix and Family of Calgary; Mrs. James Docherty; Mr. and Mrs. James Docherty; Mr. and Mrs. J. N. Goss and Lovell; Mr. and Mrs. B. D. M. Lodge No 72 of Dayland.

The pallbearers were: C. W. Lodge, J. N. Goss, James J. Crawford, Ray Ramsey and A. B. Fitzsimmons.

Card of Thanks: We wish to express our heartfelt thanks to friends, neighbors and relatives for their kind and generous contributions to our bereavement.

Mrs. Florence Rouse and Family.

Card of Thanks: We wish to express our heartfelt thanks to friends, neighbors and relatives for their kind and generous contributions to our bereavement.

BROWN MATTE

A quiet wedding was solemnized in the vestry of St. Catharines, Calgary, on Thursday, Nov. 20, at 1:00 p.m., when Constantine I. Mattie of Alix gave away in marriage with Hugh E. Brown of Stettin.

The bride chose for the occasion a gold dressmaker suit with brown accessories and a corsage of American Beauty roses. Her only attendant was Miss Alice Stettin, R.V. of Calgary, who wore a rose dress maker suit with black accessories and a corsage of pink carnations.

The groomsmen were Edwin Nelson of Stettin, The bride's very late held a wedding dinner in the Pullman Hotel.

After a short honeymoon spent in Calgary, the bride and groom are now taking up residence on their farm west of Stettin.

THIS A.A.A.

Before a good crowd of Alix and district fans, the first team game was played between Red Deer Gunners and Alix. The game was played between Red Deer Gunners and Alix. The game was played between Red Deer Gunners and Alix.

The first period opened fast with both teams having great opportunities. At midline of the period the Gunners opened the scoring by a pass from J. A. the 1540 mark the Gunners scored the first goal. The Gunners scored the first goal. The Gunners scored the first goal.

The second period was somewhat less fast but both teams racing from end to end of the arena. The other, the Athletics, did not have the better part of the play. The Athletics did not have the better part of the play.

The 3rd period opened fast and the Athletics tied the score at the 11:30 mark with Mac. They brought it home on a pass from Bill Harkness. The Red Deer Gunners started to apply the pressure at this point and scored two goals one at the 12:30 mark and the other at the 13:00 mark. Alix from here on had by far the best part of the play and on many occasions led the tough task of hitting the goal post. The game ended 12 to 2 in favor of Red Deer. This was one of the best games witnessed in Alix for some time and credit is due to Pete Chisholm and his boys for their marked improvement over former games.

SCHOOL BOARD PAYS TRIBUTE TO MEMORY OF CHARLIE ROUSE

In recognition of the splendid services rendered to the Alix Consolidated School District and the whole community, also the affectionate regard held for him by the School Board, a donation is being made to the Alix U.P.A. Public Library for the purchase of books to be inscribed as C.D. Rouse memorial.

Come And See Us At Work, Farmers

"Let There Be Light" Between Us

You've heard a lot of untruthful things said about the Wheat Board and its policies and operations. But we would like you to come in and see us personally. Ask questions of the President or the Secretary, or any of our staff. You will get straight answers. The more you know about the Wheat Board, the less likely you are to be misled by those who are against it. The Wheat Board is the only body that can help you to get the best price for your wheat. It is the only body that can help you to get the best price for your wheat.

"Let There Be Light" between you and us. We are all farmers. You cannot travel from China to Peru in sixty countries do that for you, in more than sixty countries of the world.

And remember, we have no more to do with "straw" prices for wheat, not a barley than you have. They are set by the market. You can demand government prices. You, as a well-to-do man, know that.

You and our members are in the grain business together. You produce it—we distribute it. Without you, we could not exist (neither could the Public). Without you, we have no wheat to sell.

We favour a free price for wheat administered by the Canadian Wheat Board, but we think you should have the opportunity to get a world price, through the open market, NOW to offset possible lower prices a few years from now, when we will supply overseas demand; and also to offset the losses you will incur in the depressed wheat market when the wheat price falls below a reasonable level and controlled by it.

CHRISTMAS MAIL FOR U. K. A record shipment of mail, largest ever to leave a Canadian port, was carried to the United Kingdom on the Canadian Pacific cargo-passenger ship Blowerford which sailed from Montreal for Liverpool Nov. 23 with 10720 bags of parcel post, in addition to 16250 tons of regular cargo, including the heavy deckload of logs, shovels and 25 passengers. In the above picture, the last bags of mail in the record shipment, which weighed 210 tons and occupied 182,410 cubic feet of space, were being loaded. The mail, a large part of which is made up of Christmas packages, is packed 25 feet deep in the hold.

Oliver and Alice Juniors played in Alice on Tuesday night the score being 1-1.

The seniors played in Lacombe on Saturday scores 3-2.

SUCCESSFUL FARM MEETING

With Mr. Jack Worth, chairman of the the Imperial Oil Ltd., a farm meeting was held at the Alice Legion Hall, recently, sponsored by the local Imperial Agent, L. E. Sharpe. Mr. E. P. Langford spoke on "Safety on the Farm" and Mr. G. S. Markle's topic was "Inventive Maintenance on the Farm" and "The Use of Farm Machinery For Soil Conservation."

The interesting films shown on "Strange Gods of India" and "Search Unending" showed processes involved from the discovery of an oilfield to the refined product to the consumer.

Door prizes were won by the following:
1st, Mr. D. Wilton, Alfa, 5 gal. Imperial Marulabo Oil.
2nd, Mr. A. McDermann, 25 lbs. Imperial Marulabo Oil.
3rd, Mr. J. L. Nielsen, 1 gal. Cream Separator Oil.
4th, Mr. Butler, 1 gal. Imperial Oil.
5th, Mrs. Kerr, 3 lbs. chocolate.
6th, Donna Nutley, 3 lbs. chocolate.

The World of Wheat
By Director "The Wheat Film"
ADDITIONAL DEMAND
BALANCES
ADDITIONAL SUPPLY

"Some people venture the opinion that if Canada had made a bilateral agreement with Britain to take 100 million bushels of wheat, this 100 million bushels would have been dumped upon the open market which no one man put it. "World have wanted world wheat prices to collapse like a pack of cards." Those who think this way I seriously suggest are in error they have been ill-informed, for they forget that if there had been an agreement, and had this 100 million bushels a year been thrown onto the open market Britain would have had to come to the open market with 100 million, and so the additional supply of 100 million would have been immediately balanced by an additional demand from Britain for 100 million. The additional supply, therefore, would have been balanced exactly with the additional demand, and so the world price of wheat would not have been affected by one cent.

Generally, as is the case at present, when 100 million is withdrawn from the open market and sold direct to Britain then this is in turn is balanced by the 100 million in demand that the open market has from Britain. Again the 100 million removed from Britain's export balance the 100 million of its supply.

The World Of Wheat By Director "The Crop Testing Plan," The End Of The Year

1947 ends with unforeseen national and international distraction and confusion. It can be possibly foreseen what the future has in store. Western Canada, however, surely rests on a firmer foundation than many other parts of the world, that sure foundation being its production of most wheat. Like food wheat, which will always be in demand by the human race.

With all his troubles, whatever they may be, man must always eat, and bread made from wheat is his most nutritious and palatable bulk food. There has never been a time in the recorded history of the world when the people of the world had anything like enough food to say nothing of enough of the most highly prized food wheat bread. The wheat production of these peoples will always be in great demand provided only governments will not interfere with its distribution — with the free exchange of our wheat for the things that people in other countries make and are willing to give us in exchange. With all the confusion and chaos, thinking in the world, surely economic sanity and wisdom in the end will prevail. For my part, then, I join with the Companies supporting the "Crop Testing Plan" in believing that the future of these peoples is bright indeed.

UNEMPLOYMENT INSURANCE COVERAGE EXTENDED

(Authorizing, P.C. 1841, dated December 3rd, 1947)

ON AND AFTER January 1st, 1948, every employee in insurable employment paid by the month whose annual remuneration does not exceed \$3,120.00 will be insured under the Unemployment Insurance Act.

AT PRESENT those paid by the month whose annual remuneration is \$2,400.00 or less are insured.

THE CHANGE will not affect the coverage of all hourly, daily and piece rated employees and those paid on a mileage basis, who will continue to be insured regardless of earnings.

WEEKLY RATED employees whose earnings are expected to be \$3,120.00 or less per year will continue to be insured under the Act.

Hockey

Alix played a close game with Lacombe on Dec. 13, the score being 2-3. Both ice proved a serious handicap to the hockey players.

Bushman put Alix one up in the final period, leading 3-1 on a breakaway from the Belts, who were swarming around the Alix net, and doing everything but beat Michael.

In the game played at Red Deer the score was 1-2 in favor of Red Deer.

The Olive Tigers and Alix began played a good game on Sunday afternoon, December 28th. Score Alix 7, Olive 3.
